

# 41 RECEIVE CERTIFICATES

## AS RED CROSS FIRST AID INSTRUCTORS; RECORD FOR ROANOKE RAPIDS TERRITORY

Stressing the great need for more persons trained in caring for the injured, and for trained personnel in case of emergencies, Shearod Crumpler, chairman of the first-aid and water safety unit of the local Red Cross Chapter, announced today the completion of an instructor's class.

"First aid training constitutes an important part of the role the Red Cross is playing in the civil defense program," Mr. Crumpler said. "And at the same time part of our program to reduce the number of accident deaths and disabilities throughout the country, since accidents have a way of happening in peaceful communities as well as in war areas."

"What an appalling tragedy it would be if every citizen of the state of Pennsylvania was suddenly injured in an accident," Mr. Crumpler pointed out. "Yet this number of persons — ten million — receive disabling injuries each year, and a number equivalent to the total population of Allentown, Pa., — 100,000 — are killed each year."

"Accidents are no respectors of states, cities, or of individuals," Mr. Crumpler continued. "They invade every city, every state and every county. They threaten persons on every street, at every place of work, and in every home. Therefore we urge those persons interested in first-aid training to enroll at the local office of the Red Cross."

Crumpler announced those receiving their instructor's certificates in Roanoke Rapids are as follows: D. E. Bennett, Herbert Jennings Bennett, Louise Evelyn Brown, Maggie Powell Brown, Hugh Edwin Cameron, Corneia Jolley Clark, David Clifton Clarke, Wiley Drisco Connell, Margaret Williams Corum, Lois Akers Crumpler.
