*Cheer the Boys Goodbye..
Wear Your Prettiest Dress..*

After the long awaited furlough, it may be weeks . . . months . . . until you'll see that lad in uniform — or your out-of-town college beau — again! We know just how you want to look when you go out with him, and in his memory long after! So we've chosen a very special group of sentiment provoking dresses, quite as practical as they are pretty!

— and they range
in price as low as —

\$ 3.98

UP TO \$19.50

We call these dresses our "Wartime Patriots" — because they're so generous in imparting that much-needed warmth — — — they're so lovely to look at . . . to wear . . . to enjoy!

Wear them NOW! Let them peep from 'neath your New Winter Coat and stand out on their own in the spring — for the styles are just that good — and LASTING!
