

# BOY SCOUT NEWS

Congratulations, Grady on the new increase in membership of troop No. 143, we are glad to see this, and hope that the new boys will get lots from their work with the scouting movement. Welcome into this organization Troy Jenkins, Lowell Keener, Harold Strickland, Randolph Etheridge, Wilbur Sadler and Willard Pream. This is a good example for the other scout masters and troops to follow.

A Council Training Institute will be held in Greenville, May 5th. a good program has been arranged under the leadership of Mr. Gilbert Bush, Deputy Regional Executive from the Regional office in Atlanta. It is hoped that a large number of Scouters from this district will be in attendance.

Notice to the scouts; The monthly Board of Review that was to be held next Wednesday will be postponed until the following week, May 12, announced by Mr. Crumpler. This is necessary as Training Institute has been arranged to be held on the same day as the Board of Review was scheduled to be held. Don't forget to be present and to turn in those applications to Mr. Crumpler at least twenty-four hours in advance.

The Dispatch Identification cards have arrived, and will be distributed to the boys receiving them in the near future. This card is to be given to all Scouts who have been and are planning to help in the distribution of information for the Office of War Information. If you are not familiar with this talk to your Scoutmaster he has the information.

There have been several of the boys asking about the Council camp to be held this year. The East Carolina Council plans to hold council meeting at New Bern This camp is to be conducted through the summer and all scouts will be given the opportunity to participate in this camp. More news about this later, but there will definitely be a camp for the council this year.

Mr. Don Tillar has completed the arrangements for our district Camporee to be held May 14, 15 and 16 at Camp Whetstone, the new camp site for Halifax district. Mr. Clyde Liske is in charge of the program for the Camporee, and we feel that a swell time will be had by all that attend as Mr. Liske is an experienced camporee man having had charge of the Council Camporee that was held here in the city last year. So get ready for a swell time you Scouts.

Time for another Scoutmaster meeting. I would like to see all you scoutmasters at Mr. Norman Scrivener's house about 8 o'clock Monday night May 3. There is lots of talk about, with Camporee coming up, and I would like to see every one of the Scoutmasters present at this meeting. Mr. Tillar has completed his work and now it is time for us to begin work. Let's all turn out.

We are fortunate in having Mr. Scrivener around with us for a part of each week. We know it is bad for Norman, but feel we are in luck in his not being able to find a house down in Kinston.

We are glad to welcome Mr. John Carras into our midst. Mr. Carras has a real treat for the scout leaders of this city Wednesday night. John has arranged a small banquet for the scout leaders and plans to give a short talk on the opportunities that the boys of Roanoke Rapids have over those other countries. We understand that Mr. Carras plans to make this an annual affair, so you boys that do not get to this one will have the opportunity of going to the next that John holds, only the leaders are invited so some of you other boys had better get busy and make this gathering next year.

Sometime ago I asked all the Scoutmasters to have the news from their troops sent me. I am glad to see that troop No. 142 has sent their news. If you boys can't find me leave it at the Herald office and I will get it from there. It is nice to get the news direct from you boys.

It seems that troop No. 142 is producing real scouts. Recently the troop committee decided to award a First Aid Kit to the Scout that built the best Bird house. and then Mr. Pruden the chairman of the troop committee decided to award a scout hatchet to the best all round scout in his troop. Believe it or not the same boy won both. Congratulations to Scout Billy Clemmer the scout to be awarded both prizes. You other boys had better wake up or Billy will be so far ahead of you that you will never catch him. He is new in your troop, but looks like he will make one of the best.

As many as 1,855 employers in North Carolina, not necessarily covered by the Unemployment Compensation Law, have voluntarily elected to come within its provisions and insure their workers.

## Berkeley's Father To Preach Sunday Episcopal Church

The Rev. Alfred Rives Berkeley, father of Rev. Edmund Berkeley, Rector of the local Episcopal Church, will preach for his son at the 11 A. M. service Sunday, May 2nd. The Rev. Mr. Berkeley Sr. is the Rector of St. John's Episcopal Church, Roanoke, Va. and is here with his daughter, Miss Lelia Berkeley for a visit with his son and family.

There will be no night service at All Saints' Episcopal Church during the summer months beginning in May and lasting through September. The early service of Holy Communion at 8:A. M. will be continued during that time, beginning May 2nd. Rev. Berkeley expressed the hope that those who formerly attended at night will attend one or the other of the morning services or both, and that the congregation will endeavor to support the 11 A. M. services more than ever during the summer months.

During the past year, 1,328 new employer accounts have been established with the Unemployment Compensation Commission of North Carolina. The total number of active accounts is now well over ten thousand.

## WAS AFRAID TO EAT, BUT NOW PRAISES RETONGA

Widely Known Carolina Citizen Gives Noted Medicine Full Credit For Relief From Distress Of Nervous Indigestion, And Achy, Sluggish, Rundown Feeling. Tells Of His Case.

Among scores throughout this section to come forward with their happy endorsements of Retonga is Mr. George H. Thomson, retired printer, for years in business for himself in Fayetteville, N. C., and now a well known resident of 126 So. McDowell St., Raleigh.

MR. GEO. H. THOMSON

"I suffered from nervous indigestion and gas bloating that made me feel so stuffy I was actually afraid to eat," states Mr. Thomson. "At night I often felt I could hardly get my breath and I would roll and toss unable to get needed sleep. I dosed myself with soda until I was afraid to take any more. I was forced to take such strong laxatives they seemed to do me more harm than good, and felt so sluggish and run down I didn't know where to turn next for relief.

"Retonga brought me happy relief. I eat heartily without distress, I sleep fine, and I do not have to take strong laxatives. I have regained five pounds, and feel fine. Retonga is a grand medicine." Retonga is intended to relieve such distress when due to insufficient flow of gastric juices to the stomach, constipation, and Vitamin B-1 deficiency. Accept no substitute. Retonga may be obtained at Rosemary Drug Co. The Rexall Store. (Adv.)
