AVIATION JOBS FOR WOMEN Passenger relations is the field in air transportation which offers young women the greatest opportunity for employment. Included in this category are stewardesses and reservation agents. Most airlines now need additional stewardesses and as the larger planes are placed in service, this need will increase, for many of the big ships will carry two stewardesses. One airline reports it will have as many stewardesses on its payroll at the end of this year as the entire industry had in 1941.
