**GENERAL REPORT:**  
 Number of office interviews...12  
 Number of home visits .....4  
 Number of telephone calls about cases .....5

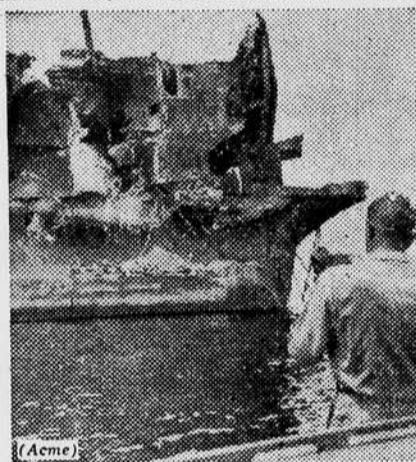

During the month of May a young woman about twenty seven years old, accompanied by her mother, came to the office of Associated Charities and requested help for herself and three little children, all under five years of age. She stated that her husband had deserted her and the children and that she had absolutely no means of support. A fourth child was expected in the near future. She had been sent to Associated Charities by the case worker for Halifax County Welfare Department who knew the family and felt that only temporary assistance would be necessary.

The woman did not know the husband's whereabouts, but she had contacted the local police

## People, Spots In The News

**HUGHES AT CONTROLS** — Howard Hughes, world-famed Texas airman, industrialist and movie producer is shown at the controls of the Hughes-designed Army long-range, high-speed photographic plane XF-11, which crashed at Beverly Hills, Calif., on its first test flight. Hope was held out for Hughes' recovery from critical injuries sustained in the accident.

**ATOMIC EFFECT** — A Navy correspondent photographs the heavily-damaged bow of the aircraft carrier Independence, one of the target ships in Bikini atoll.

**SURF SURVEY**—Two high school girls of Daytona Beach, Fla., use the famous beach speedway to try out an overgrown and streamlined tricycle called a "sun surrey" (with no fringe on top).

court here and sworn out a warrant for his arrest, charging non-support. Her mother, with whom she is now living, was not able to take care of them since she herself receives Old Age Assistance from Halifax County. The woman was born and raised in Roanoke

Rapids. The case worker for Associated Charities verified these facts before any assistance was given.

A weekly food order has been given this family for about six weeks. Medicine for the woman, as prescribed by her physician, has also been provided by Associated Charities. The fourth child was born in June.

Since no trace of the husband has been found, and assistance by Associated Charities is only temporary, application for permanent aid from Halifax County has been made. This woman will receive, in the very near future, regular financial assistance known as ADC, or Aid for Dependent Children. Meanwhile Associated Charities is providing the family with necessary food, including fresh milk for the children.

### CHOPLIN'S REAL LOVE STORY REVEALED

For years it has been common belief that George Sand was the famous composer's inspiration. Now we learn that a beautiful countess influenced him most. Read this revealing romantic story in the July 28th issue of
