BEACH SPECIAL

All set for a day on the beach, Suzi Crandall, Warner Bros. player, wears a greyed green cotton gabardine beach coat which the National Cotton Council reports is one of the season's best. The coat is styled with a shoulder yoke from which the jacket hangs loose and flaring. New full push-up sleeves and deep set-in pockets add interesting detail to the coat.

FILLERS
 The capture of Epinal by the Allies on September 25, 1944, marked the opening of Vosages Mountains slugfest, eventually won by the Seventh Army.

The famous 442nd Rogimental Combat Team, consisting of Japanese-American troops, became a part of the Seventh Army early in October 1944, as the final drive on Germany opened.

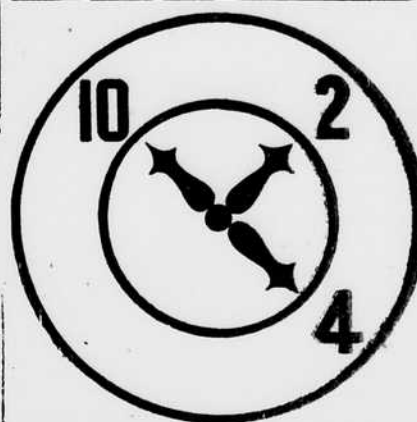

When the Third Army lunched its famous counter attack in the

Battle of the Bulge, the Seventh Army shifted to the left and took up Third Army positions.

The Seventh Army was activated while enroute from North Africa to open the campaign on Sicily.

The 3rd and 45th Infantry Divisions were the first elements of

the Seventh Army to cross the Rhine on March 26, 1945, using assault boats near Mannheim.
