CHEST DRIVE STARTS OCT. 14

Colored Boys 4-H Club Team — State Champions

"Approved Methods for Producing Cheap Milk" demonstrated with skill and thoroughness by Clarence Harris and Walter Clark of Mary's Chapel 4-H Club, State Negro champions in the 1946 boys' demonstration, A. & T. College, Greensboro, August 28. The team won first place in the county contest against eight clubs at Halifax on April 27. They took top honors in the District 4-H Federation from 15 Counties at Williamston, June 27. The demonstration emphasizes the following points: (1) Better pastures; (2) Quality hay; (3) Balanced ration; (4) Plenty of fresh water; (5) A comfortable shelter and (6) Plenty of salt. The team made seventeen public appearances with a total attendance of 3750 persons.

Hursey Jailed For Shooting His Brother

Archie Hursey, 26-year-old white man, is in Halifax County jail charged with an attempt to kill his brother, Dewey Hursey, 40, last Saturday afternoon in the yard of J. H. Pair in the Belmont section.

Dewey, who, it is said, was cut in a knife affray last winter by Archie, was working on the automobile of his sister-in-law when he saw his brother approaching with a gun. Dewey, according to officers, scrambled from under the car and made an effort to get away, but was shot by his younger brother with a shotgun, the load entering his back between the waistline and the neck. The wound is not serious and Dewey is expected to recover.

No motive has been established by officers for the shooting. Hursey is being held in jail in lieu of \$2,500 bond on a charge of assault with intent to kill with a deadly weapon.

WHAT DOES THE RED FEATHER MEAN?

Read about it in The Herald next week.

EMPLOY THE PHYSICALLY HANDICAP WEEK

The attention of the American Legion has been directed to the fact that the week of October 6 to 12 has been designated as "Employ The Physically Handicapped Week."

The plight of the physically handicapped is very close to the heart of every true Legionnaire. Many of us have witnessed with our own eyes the means by which men become maimed through acts of war. It was not a pleasant sight nor does it bring back soothing memories.

A handicapped person does not necessarily have to be a victim of war to have the sympathy of everyone. Neither does the fact that he is handicapped prove that he is not a capable and conscientious worker, or may become such if given a fair chance. Many people have overcome burdensome handicaps to accomplish the seemingly impossible. Many of the greatest people the world has known were sufferers from some sort of impediment.

The American Legion asks that all employers give these unfortunate people an opportunity to prove their worth. Thousands upon thousands of our young have returned handicapped physically. Many of them are sensitive about their disabilities. Help them to find their place in order that

they may live a normal life.

In conclusion, the Legion says to you: "You can't look into a man's face and see what's under his shirt."

Besides Christian Doctrine there are classes in Bible and Church History, treating of both the Old and the New Testament.

At an organizational meeting of the Bishop's Committee for Christian Home and Family, which was recently held in Greensboro, N. C., His Excellency Bishop Vincent S. Waters, D. D., Bishop of Raleigh, (Continued on page 12—Sect. A)

The Roanoke Rapids Community Chest Drive, which begins October 14 and continues through October 20, has as its goal this year the raising of enough money to help those who are unfortunate and in need of aid, and to supplement funds for and to support those organizations which function for the betterment of the community at large and which have no other source of income without individual solicitation. Each individual of the community may point with pride to the goal set and the goal he will help to meet as a small token of his spirit, inherently American, to share with those not quite so fortunate and to help support those organizations which tend to develop the welfare of the neighborhood.

And to likewise, human nature encourages each individual to question himself as to just where his money went and to what good did it do when he dug down into his pocket book to give to this worthy cause. It may be pointed out in the beginning the reason for the term "Community Chest" and the concentrated effort on the Community Chest Drive. All agencies of the city and community whose major support is derived from the goodness of the hearts of the people of this city and community by their donations are combined under the Community Chest. So, instead of six different drives at six different times with six different sets of campaign bills to pay to help support six different agencies, all are combined under the Community Chest. One campaign is made, one set of campaign bills are paid and all six local agencies are benefitted. Then, throughout the year, though he may not hear of another drive or need help, each individual who gave has the satisfaction in his heart of knowing that at any given time the money he gave is doing good for someone somewhere in his town.

The Associated Charities receive 34 cent of every dollar given to the Community Chest. This money is spent in Roanoke Rapids for food, clothing, medicine, shoes, milk and other necessities of life to give immediate temporary relief to those people that need help. Causes may be illness, old age, desertion, or other trouble. Think, before making a criticism, of the amount of aid given any individual from this agency that it was you who could have made that amount bigger by giving more. And remember, no one likes to tell of the aid he had to have from a charitable institution, so you won't hear this agency advertised by satisfied customers.

The Boy Scouts receive 20c and the Girl Scouts receive 17c of every dollar donated. This money is spent to obtain the leadership necessary to direct the Scouting (Continued on page 12—Sect. A)
