Lots of things are opened by mistake — but none so frequently as one's mouth. (Overheard in a teen age conversation.)

The Next President . . .

. . . Is Increasing In Numbers

"There might be three Democrat parties taking part in the presidential campaign this year. There may be the Henry Wallace Progressive Democrats on the Left, the Dixie Democrats in the South, and Democrats. Republicans have not been able to lick one Democrat Party in the last sixteen years. How can they expect to lick three of them?" (Nanty-Glo, Penna. Journal.)

" . . . The South's blind and unswerving support of the Democratic party is a political puzzle that defies explanation . . . especially in view of the step-child treatment it has received during the past two decades.

"Traditionally, the South votes for anything that carries the Democratic label, and saddles its senators and representatives with the job of re-

cruting, Republican support to defeat the administration's anti-Southern legislation . . ." (Muenster, Texas Enterprise).

"Southern politics appears to be taking a drastic turn against the Democratic party. It is beginning to look like the South will become a Whig entente . . ." (Tylertown, Miss. Times).

Teach good telephone manners

Children who are taught the correct way to use the telephone are a joy to everyone. Their good telephone manners save other callers' time and tempers. Telephone-wise children do not tie up the lines with needless talking. They know the telephone is not a plaything. We are grateful to the many parents in our community who are teaching their children such good telephone manners. This cooperation helps us improve our service to everyone.
