NOW OPEN TO HIGH SCHOOL GRADUATES

This is important news to every young man from 20 1/2 to 28 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U. S. Army and U. S. Air Force Recruiting Station.
