

# The Stentorian

volume xi, issue 4

the north carolina school of science and mathematics

april 1991

THE CLOCK IS  
RUNNING DOWN

Now → Later → June 1

*The Stentorian* apologizes for the lateness of the fourth issue. Unfortunately, like everything else around school, we have suffered from budget problems of our own and have been unable to obtain funding for more than five issues this year. The last remaining issue will come out mid-May.

This issue will be our traditional, big, year-end issue. It will contain a section on where every senior will be next year at college, senior baby pictures, and senior last wills and testaments. This means a couple of things. We need for seniors to begin to write those wills and turn them in to either Tim Tucker (316 Hunt), Laura Poole (2nd C), John Gjertsen (4th West), or Daniel Aldrich (3rd Bryan). *Please* limit them to no more than 100-125 words or else we cannot assure that everything will be printed (due to budget problems).

Also, senior baby pictures (black and whites *if at all possible*) can be turned in at any time to Jo Peterson (Ground C), Tim Tucker, or Laura Poole. It would probably be best to bring it back after the May extended. We guarantee that you'll get them back safely right after printing.

The deadline for all this is May 8. Late submissions probably won't be printed. Thanks again for your patience and we hope for an *Overwhelming* response from seniors because it will be your last chance to leave your mark on S&M. Good luck on 4th quarter and just think... graduation is just around the corner!

-Tim Tucker
