## *L. H. S. Makes a Fine Record*

The football season is over. Lexington High has made a great record this year, better than any former years. Eight games were played this year. Of these L. H. S. was victor five times, tied one game and lost two, one of these by a score of 7 to 6 and the other by 3 to 0.

The first game of the season was played at Thomasville with the Thomasville Baptist Orphanage team. The Lexington team ran rough-shod over the other team, and, while on the defense, held the Orphanage for downs everytime. Hutchins was the individual star for Lexington. As had been expected, the game merely furnished practice for the locals, the final score standing 33 to 0 in our favor.

The next game, the first real contest of the season, was played at Mount Airy. Lexington entered the game a little over-confident. Although our team outplayed Mt. Airy throughout the game, a long end run by the opposing quarterback and a drop kick made the score stand 7 to 6 against us, our touchdown being made in the third quarter after a series of line plays.

The following Friday, Burlington was defeated by the score of 13 to 6. The team did not display it's customary pep and drive. Burlington was kept on the defense, however, during the whole game. Their only touchdown came on a long end run.

The High Point eleven was met next at High Point. This was one of the hardest fought games of the season. A Lexington touchdown was made by Vestal on a 80 yard run at the beginning of the game.

### COACH HUNT

For us the football season of 1925 is closed. Looking back upon the records, we feel amply justified in saying that the season just past has been the most successful in the history of our High School. For this record, the members of the team attempt to claim no credit. We can say that we did our best, but that is all. The one to whom all honor and credit is due is Coach John Hunt, and to him each member of the High School squad joins in extending a most grateful appreciation. His was the task at the beginning of the season to whip a none too experienced squad into shape, and to get out of it the best and most consistent football possible. How well he accomplished that task is demonstrated by the record of 5 games won, 2 lost, and 1 tied.

We're for Coach Hunt to a man. His untiring energy, his admirable patience, his cool, firm discipline, his likeable personality, his splendid manhood, his sterling qualities of leadership, and his thorough knowledge and advocacy of clean, scientific football have drawn us all closer to him, and have made us better, stronger human beings for having played the game under his virile manly leadership.

THE LEXINGTON HIGH  
FOOTBALL SQUAD.

Louise: "I can't remember the words to that new song."

Mr. Thompson: "That's fine. Now all you've got to do to make home happy is to forget the tune."

"Does John snore?"

"I don't know. I've never been on class with him."

## *Needed--An All- Time Librarian*

The library is supposed to be the workshop of the High School. One of the greatest needs of our High School is the undivided time of a librarian; one who is capable of running the library on a sound business basis, just as he would run his own business; one who would take pride and interest in keeping the library in order, and one who would work, not only for the money there is in it, but for the benefit of the entire High School.

My idea of an ideal library is one where absolute silence reigns; where every student is at work. It should be a place where the rules of the library are observed. The books should be kept neatly, many of our books are handled roughly, and are soon torn up. This can readily be seen by inspecting the library.

Many books have been misplaced this year. Several books registered in the library are gone, and cannot be found anywhere. Perhaps, some student or students, have taken these books home, and have neglected to bring them back. These books are somewhere! But books are not supposed to go out of the library without the knowledge of the librarian. The librarian should take the name of the person borrowing the book, and if it is not returned by him, he should be held responsible for it. Students who take books out of the library without the knowledge of the librarian, and without having it placed of record, absolutely disregard one of the most important rules of the library. The best remedy of this situation is a whole time librarian. When a student wants a book, he should
