

L. H. S. MAKES A FINE RECORD

(Continued from page 1)

In the third quarter, High Point came back and drove over her only touchdown. The Orange and Blue, then fought their hardest. A second touchdown was made, after a straight drive down the field. When the game ended the score stood: Lexington 33; High Point 6.

Then came the big game of the season for the locals. Smarting under 4 consecutive defeats by the Salisbury team Lexington came back and reversed the situation, defeating the Rowan Boys by the score of 3 to 6. Salisbury was outplayed by our team, in every department of the game.

Next, Mooresville was trampled under foot by the locals. The score, 13 to 0, does not tell the whole story of the game, for the locals merely toyed and played with their opponents. At no time were they pushed to their utmost strength.

Two other games, with Badin and Mebane, had to be cancelled on account of the championship race being started. In the first game of the championship, Lexington and Salisbury again met, this time under the worst playing conditions that could possibly have been. The game was played in a steady rain and in very cold weather. There was nothing spectacular about the playing of either side. The game ended in a tie 6-6. Salisbury's touchdown came by way of a recovered fumble. Lexington scored in the third quarter on straight football.

The second game of the championship was played at Specer the following Tuesday. Lexington lost by the score of 3-0. This ended the season. During this year, L. H. S. scored 98 points against a total of 34 for the opposing teams. Only once was Lexington's goal line crossed by any other means than fumbles and forward passes. Only High Point was able to drive the ball across by straight football. The team this year has made a name for itself and has placed honor on L. H. S. Whether winning or los-

ing, our boys fought on, never flinching, never fouling, but always playing the game clean and hard. We are justly proud of them.

FUN FOR THE FACULTY

The faculty gets lots of fun out of things like these:

Habbits (any kin to rabbits?), green beans, sutch, mutch, inspecks foursed, achen (ocean), helled (held), eny-ane-any, groop, injoy, imergrant, lible, blud, frunt.

Throne out of office.

Washington herd the news.

Chicago is another city located on the Hudson River.

Detroit has grown because it is situated on a French fort in the Great Lakes.

Foreigners bring over dusiese.

An 8th grade boy says that Davison county is orful welfy.

The mouth of a fish is located on its xstream interior end.

And here's what the Sailors tell us:

The Decoration of Independence was singed.

Americains have the wright to be free.

Lafayette fought during the Revolution War.

Lafayette came over on his own Account. (A new type of sailing vessel.)

THE SUNSET

The sun is gloriously setting
Midst the purple clouds of the west
It has fringed them with gold,
And they mock the world,
With all its wealth and wickedness.
So carefully they are draped,
As to hide the face
Of the sun as it sinks to rest
Behind the violet sheen,
That quickly fades into a dream
And its beauty changes;
Now it leaves them gray
With a bronzed hue,
Yet they fade not in beauty and
splendor
The twilight falls,
The moon noisely calls,
And the stars are bright, yet
tender.

—Thelma Hedrick.

INCREASED SCHOOL SPIRIT

In the past month, there has been a very noticeable increase in the pep and spirit of students in the school. There have been greater crowds of students at the football games than in other seasons. Hitherto, only the girls would cheer our team on. But now, every student, whether boy or girl, joins in the yells and in the songs of old L. H. S. This is something that has never happened before, at least not in the last four years. It is fine that the students think enough of their team to stand in the rain, as they did at the Salisbury game, and cheer for victory. This shows real school spirit. We have always had it in our student body. But only now is it showing itself. The cheer leaders and whoever else has instilled this spirit into our student body, are to be congratulated. The team appreciates it. It is the true spirit of L. H. S. We hope that in the coming basketball and baseball seasons, as well as in the other just as important phases of school activity, this same spirit will prevail.

A HI-Y CLUB

This school had a Hi-Y Club last year, why not this year. The club was a success in every way. It helped the students, both physically and mentally. With a good leader like Mr. Estes it grew from twelve charter members to a group of over thirty boys.

Many graduated last year, that belonged to the club, but enough old members remain to start the club again. Why don't we? What we need to start is a good leader out of the faculty. There are several likely candidates and they would be glad to take over the work.

The club has a meeting room, supplied with all necessities. Most of the officers had been elected last year. What is the matter with the club that it has not already started? The rest of the schools have started, we don't want them to think us slackers. Come on, gang, let's get together and make the Hi-Y Club a success this year.
