

DAILY DIRT

By Bill Demon, Jr.

Greetings prisoners, matrons, wardens, and trustees of dear old Leavenworth High----- Here is hoping you all had a merry Christmas! (Pretty late to talk of sich). Anyway, I'll try to bring to you the stalest news of the past month. I will first quote a letter written to the LEXHIPEP. "Dear Bill", it read, "Please put me in your column with B. E. We have made up and love each other a lot." Signed, "Sis". (So much for the mail).

In regard to the Freshmen, (especially Allan Spears) it has been definitely decided that the name is "Mama Mahler"----- Speaking of Freshmen, does that long last love still go for Meredith and Russelle?

Compliments come and go, but the faculty seems to be mopping up on this well-known standard. Catch?---SMAZE.'--Read backwards.

We often wonder if "Shoe" will make up his mind which "fem" has that "school girl complexion". After all it is noticable that he is often holding one's hand----- (especially Jenky's).

TRUE CONFESSION DEPARTMENT: Dick Rabb finally admits that he saw every chapter of THE LONE RANGER.....Paul Craver confesses that he got a "Shirley Temple" doll for Christmas----"Stude" Clayton says that "Gube" Cameron is the cutest girl in the sophomore class....Bill Brown tells that he received an electric razor for Christmas.....Just think Bill, if you'll take care of it, in about three or four years you can use it.....FINIS DE TRUE CONFESSION DEPARTMENT!!.....

FLASH! Any of you boyzengals get a hold of a TRUE CONFESSION, please send it to Bill Demon, Jr., in care of THE LEXHIPEP and if accepted, you will receive a wonderful cigarette lighter. No foolin'. Just take it to Virginia Beck (Editor)---I'll keep her in cigarette lighters so that she can keep you in cigarette lighters--and I do mean you..End of Fu-lash.

Jack Rettew has been dating a right smart here lately. (Is there an O. A. O., Jack?) Who is "Easter's" new heart throb? I had better shut up before I tell you that "Tackle" Tate has fallen HEART AND SOUL for her... If E. H. E. would settle down to one "fem" for a while, I might be able to get some gossip about it.

Chub Hunt daydreams continuously. Come on, Chub, who is it? The same thing said about E. H. E. goes for "Blondie" (alias, "Spud"). I hear that the conflict between Orville and "Blondie" was over... Dishe won by a nose. Seems that Kenneth and "Gordie" are "hitting it off"---not to mention "Dog" and "Bill". Has Horner found another since he and this certain drum majorette romance and will Carolyn return to her old flame, Alvin P? See next issue--This drama will be staged in three thrilling acts. Theatrical, don't you think?.....

We wonder how "Teet" and Va. Olive are still holding out..... Is it true that there is a romance between Billy Woodruff and Betty Ann Sharpe?.....Then there is Pratt and Foo still keeping company..... Boy what I wouldn't do to fill up space.....
