### L.S.H.S. Sends 4 Delegates To N.C.S.C.C.

By SHERRY WILSON

On Sunday, October 14, 1962, the Student Council of LSHS sent Thompson Miller, Sherry Wilson, Peter Steinmuller, Doug Pritchard, and Mrs. Hussey to the 36th annual North Carolina Student Council Congress held at Myers Park High School in Charlotte.

The delegates met at Myers Park to register and meet their host families. After getting situated and becoming acquainted with the families, the delegates returned to Myers Park High School for a snack supper and the First General Session. At this session we were introduced to the general theme which was "REACH." A presentation of the state student council officers followed and keynote address ended the session. The delegates retired to their homes, eagerly awaiting the first full day of the Congress.

Monday, October 15, marked the first full day of the Congress. The delegates were quite busy attending meetings all morning and afternoon.

That evening they were honored by a banquet and dance. The banquet was complete with gift bottles of cologne and keychains. The Rivas, a great dance band, played for the dance. After the dance, all retired for the night.

Tuesday marked the end of the Congress which closed with a friendship circle and the singing of "Auld Lang Syne." The Congress proved most beneficial and it is hoped that the incorporated ideas can be carried out and helpful to everyone.

Winston-Salem Gray meets the Yellow Jackets tonight at Philpott Stadium for the last football game of the season. The Lexington team, which has had a much improved record over last season, will be at full strength for this conference match.

Coach Pres Mull seemed optimistic about the game when talking to the staff reporters. The team, after last week's tie with the strong Page Pirates, are determined to gain a conference victory at tonight's contest.

Game time is eight o'clock, and Mr. Harold Bowen will broadcast a play-by-play description on radio station WBUY. The Lexington Senior High band will present a special program under the direction of Mr. Linwood Pitman. Concession stands are operated by the Junior Class of LSHS. The Teen Council of the YMCA has planned an open house at the "Y" following the game. As is customary, these open houses will continue after Friday night basketball games.

The 1962 football season has been an exciting one for Yellow Jacket boosters. Throughout the season, school spirit and good sportsmanship have been kept high. The annual "Y" open house will be held on December 5, when the coaches and players will be duly honored.

### The Cuban Lesson

At last the United States has openly admitted that Russia has been breathing down our necks with missile bases in Cuba. We have stood up to a serious threat to our lives and our prestige. President Kennedy has led the United States to meet the challenge.

There is a personal lesson to be derived from this national one. If something is wrong, correct it. If something needs improvement, improve it. It is up to us — students, citizens, human beings. Things do not take care of themselves while we ignore them. By facing a problem and meeting it head on, we will treat it fairly and solve the problem intelligently.

History is full of crises and decisions of wise leaders in remedying them. However, never before has nuclear war been the ultimate outcome. Decisions to meet a threat such as this are much more difficult than small everyday decisions. Nevertheless, the Cuban problem has been met honestly. Surely we can strive to meet our petty problems and hardships honestly, too.
