

**GREENSBORO WINS
TWO STRAIGHT PIGSKIN
GRIDIRON GAMES**

(Continued from Page 1)

only after four plays that P. Transou slipped over for the final touchdown.

In the final quarter both teams fought hard, but Greensboro had the better of it. When the whistle blew Greensboro had pushed the ball up to Danville 20 yards line and it seemed as though she must make another touchdown. Fordham was substituted for Daniel in this quarter and for remainder of the game played a good game, making several good gains. Daniel, despite an injured knee, was one of Greensboro's chief ground gainers, making two of Greensboro's touchdowns and kicking goal twice. Bell also played brilliantly, running 50 yards for a touchdown and always gaining ground when called upon. Paul Transou, not content with using his head in running the team, used his legs as well, making repeated gains and scoring Greensboro's final touchdown when Danville was holding at her best. In the line Captain Taylor and J. Transou stood out for their splendid interference and breaking up opponents' plays. Transou blocked two punts during the game.

A large crowd witnessed the game due to the efforts of Manager Norman Cooper, who has been working hard for the team during the season.

Line-up and summary:

Greensboro	Danville
Hinkle	Dickerson
le	
J. Transou	Biggs
lt	
Green	Lindo
lg	
Taylor, Capt.	White
c	
Forsythe	Hooper
rg	
Barker	Yancey, Capt.
rt	
Henderson	Lyerly
re	
Bell	Suttles
lh	
Daniel	Smith
fb	
Jones	Caraballo
rl	
P. Transou	Burns
qb	

Substitutes: Fordham for Daniel.

Touchdowns: Daniel 2, Bell 1, Transou 1.

Goals from touchdown, Daniel 2.

Referee, Denny; Umpire, McAlister; Head lineman, Richardson; Time of quarters, 12 minutes.

THE GUILFORD GAME

Coach Rabenhorst's gridiron warriors defeated the Guilford College scrub team 34 to 6 in a one-sided battle Friday, September 30th, at Cone Park.

The game started with Greensboro kicking off to Guilford. Greensboro held Guilford for downs and by a series of line kicks carried the ball near the goal line and Daniel, Greensboro's fullback, carried it over for the first touchdown.

In the second quarter Greensboro scored two more touchdowns, Daniel carrying the ball over both times. During the latter part of the quarter the second backfield was sent in, P. Transou for Greensboro scoring a touchdown by a dash around the

end and a 35-yard broken field run, Guilford made her score when Frazier, quarterback, intercepted a forward pass and ran 60 yards for a touchdown.

The only scores made in the fourth quarter was a touchdown by Daniel which netted Greensboro 7 points. The game ended with Greensboro 34 and Guilford 6.

The line giving promise of strength for an early ?????? did its work well, opening up holes on the offensive and holding on the defensive. Guilford made only one first down and that was on a fumble.

The backfield showed lots of drive. Daniel, Transou and Bell did fine work here. With the exception of fumbles the second backfield did well.

Frazier for Guilford did stellar work.

The line-up follows:

Greensboro	Guilford
Sellers	Egerton
re	
Barker	Winslow
rt	
Saunders	Beeson
rg	
Taylor	McGhee
c	
Green	English
lg	
J. Transou	McAdoo
lt	
Swift	Casey
le	
P. Transou	Ragsdale
qb	
Bell	Thomas
rh	
Jones	Frazier
lh	
Daniel	Woody
fb	

Substitutions for Greensboro: Williams for Transou, Cole for Daniel, Fordham for Bell, Baxter for Jones, Transou for Williams, Daniel for Cole, Bell for Fordham, Jones for Baxter.

Referee: McAlister.

Umpire: Richardson.

Head lineman: McBane.

Time Keeper: Hendrix. Quarters of 8 min.

FIRE PREVENTION

As Mr. Douglas told us in Chapel Monday that all of us cannot become an active member of the Greensboro fire force, but every one of us can become an honorary member. By honorary member is meant, he told us, that we can help, although we cannot go out with the trucks every time we have a fire—we can do work in a much larger and more important field. We can prevent fires!

You ask "How can I prevent a fire?"

"I am going to tell you many ways," said Mr. Douglas, "in which you can prevent them. Every one of you can keep the rubbish—old papers, rags and the like, cleared out of your attics and closets. Many of you have baby brothers and sisters who love to play with matches. This is very dangerous. You can keep the match box away from the baby—in fact, you must do it! for baby does not realize that "the pretty blaze" is liable to catch the curtains, or table cover or anything that is liable to be near on fire, when he persists in striking the match. But there is still a much larger reason why baby should not be allowed to have the matches. He is liable to catch his own

little rompers on fire and probably be injured for life—or maybe fatally.

Then matches that are thrown around carelessly are very dangerous in other ways. Very often a mouse starts a fire by igniting a match in this rubbish I just spoke of. Be careful and do not allow the matches to get into the mouth of friend mouse—or maybe I should say "unfriendly mouse."

Every one of you can persuade your father to have your chimneys and flues cleaned or examined at least once a year. This would be a very great help for a large per cent. of our fires are caused by defective flues.

Have you ever had an electric light in your room to "flicker" or "flutter" when you turn it on? There is probably a loose connection in the ceiling. This is dangerous and often causes a short circuit in the wires which very often causes a fire. You reply, "I'm not an electrician—how can I help this? You can persuade your parent to have your electric wiring inspected, when your lights seem to go wrong. Many large fires are caused by defects in your lighting systems.

I've told—or at least re-told you these things. You've heard every one of them before—but won't you please listen and profit by this? Do your bit! Play the game! and help prevent fires!

—Gladys Holland.

BOOK SHOWER DAY

We've heard of it raining pitchforks and negro babies, but on Wednesday, October 19th, we hope it will rain something better than these for the school children of Greensboro. The School Weather Bureau

(School Board) has predicted a shower of books for this day. The high school pupils especially will be glad to see this rain because it will bring many new volumes to the high school library.

The school board has set aside this day for book showers, when the friends of the children in school will "shower" the library. A list of the most needed books, and books of the most interest to the students has been prepared, from which the donors are asked to select the book they will give. The parents may give books in the name of their children, or in the name of some child they are particularly interested in.

It has also been suggested that each room give one book to the school library. All books brought in the pupil's name, and the books given by the room will be counted for that room. The rooms will be interested in this, because of the rivalry it offers. Next month High Life will publish the rank of the rooms in the contest. The room giving the greatest number of books will receive honorable mention.

Books are the most practical gifts that can be given. Every student is interested in this Book Shower Day because it will mark the beginning of a bigger day of service for the library. Every High School student is trying to influence his parents, his "kinsmen", and his friends to send many books to the school on this day that the shower will flood the High School, making it necessary for a long promised building to be built with a spacious library, in order to contain the many volumes, and the rich treasure of a real High School Library.
