EDITORIAL

PARAGRAPHS

Although we have Wine from Brandy, Va., we are still Dry.

If the girls used flour on their noses how high would father's grocery bill go?

If the boys used Wesson oil for hair dressing what would mother do for salad dressing?

While some of the holders of study periods are campaigning for quiet, they might practice their own doctrine.

Beware, visitors and students, lest you be caught unawares in the halls when the lunch gong sounds.

Mr. Brown, head of the Greensboro Traffic Department, would probably find a situation worthy of his attention in our halls during the changing of classes.

Dr. Lindeman would undoubtedly describe the manner in which chapel is entered at chapel periods as chaotic.

A few more "play days" and the people of Greensboro might actually realize that there are school children in the city.

It certainly would be fine if somebody would start a "shower" that would enlarge our school buildings as well as fill them.

While the "Parent Teachers' Association" is holding its many meetings the parents might drop in to see the teachers and students at work.

Mr. Nantz is now doing a good business.

STUDENT SELF GOVERNMENT

Last year the Seniors failed to take up student self government, but this year they have no excuse for not doing it as the class is composed of the Juniors who last year adopted it.

We think it would be a big point to the credit of the class if it would be the first this year to take up student self government and not leave it to the Juniors to set the example that we should set to the school.

TIME TO WAKE UP

We have noticed lately in observing the students of the school, that when they reach the tenth and eleventh grades, some of them suddenly realize, or wake up to what they are in school for, and begin to work with a vengeance that astonishes both their teachers and parents.

What we can't see is why they wait till they reach the two last grades or till after they pass them to come to their realization. We know that this is an old and worn out subject, but it is certainly a serious and ever-present one.

It is a safe wager that nine-tenths of the students in the Greensboro High School have never given this topic any real thought. Large numbers of them, if asked why they come to school, would say because their parents make them.

Students, you are not sent here by your parents to play or to become social lions, but to prepare yourselves for the game of life after you leave school. The way you play the game here, that is the attitude you take toward your studies and toward your fellow students determines to a great extent the attitude that you will take toward the game of life

BOYS AND GIRLS OF THE CITY SCHOOLS TEACHERS TOO

In our opinion it will pay you to investigate our Fall and Winter **FOOTWEAR** and learn the prices which are just as attractive as the styles... No use talking **THERE IS NO BETTER PLACE TO BUY SHOES than**

J. M. HENDRIX & COMPANY
"THE HOME OF GOOD SHOES"

223 S. Elm Street - - - - Greensboro, N. C.

when you are through, and the attitude which you take determines to a great extent the degree of success to which you will attain. You will sooner or later wake up to why you are in school and if it is too late your vain regrets won't help matters a bit. We think that you ought to give the matter some serious thought and get down to some real work.

PLAY THE GAME

You football players, we are for you as long as you play the game fair and square, just as the G. H. S. players have always played it. The spirit of the team this year has been splendid so far. We are very glad to recall that a player who was taken from the field in a certain game in which we played was taken from the opposing team and not from ours. We hope that this spirit of fair play and sportsmanship will always continue.

JIMMY FORSYTHE

SENIOR MASCOT

Jimmy Forsythe was elected mascot of the Senior Class at a recent meeting. Jimmy's popularity is due to his faithful attendance of all the school athletic events. For the services that he has rendered to the football squad, he was unanimously elected mascot to the team. The Senior class thought that any one who had taken so much interest in the athletic events would certainly be the proper person for the office of mascot to the class.

It is needless to mention that Jimmy is not too large for the position and that he qualifies in every way physically for this honor.

MRS. LAUGHLIN ILL

UNDERGOES OPERATION

Friends of Mrs. Laughlin regret to hear of her serious illness. She was in the hospital when school opened but after three weeks, she entered into her work with much enthusiasm. Last week she was taken ill again, and on Monday underwent a serious operation at Wesley-Long Hospital. Friends will be glad to know that she is improving. We hope she will soon be back with us again, strong and well.

CAFETERIA POSTERS

ILLUSTRATE PROPERLY

BALANCED DIET

Daily patrons of the cafeteria will notice the handsomely painted posters indicating the kinds of food that we should eat. They were drawn and painted by our cafeteria manager, who is a real artist. These posters should mean a great deal to us, and each one should be a guide as to the selec-

tion of nutritious foods. If the posters are followed carefully a well balanced meal will be assured each day.

FRENCH DEPARTMENT

ENTERTAINED BY

FRENCH PROFESSOR

The French Department of our school was pleased to have as its visitor this week, Professor Cahen of Nancy, France. Professor Cahen is quite an interesting speaker, being a man of much travel and experience. He sang several songs in French, some of the most familiar to us were: "Joan D'Arc," "Goodbye Broadway, Hello, France," and "My Country 'Tis of Thee". Professor Cahen delighted the whole school with his songs and everyone is looking forward to another promised visit.

HIGH SCHOOL ORCHESTRA

RAPIDLY SHAPING UP

At present the orchestra is just a string orchestra but we are hoping before long to have many other instruments in it.

Our mothers and fathers have not only taken interest in the athletic phase of the school but also the musical phase. They have promised to secure instruments such as cornets, trombones, saxophones and clarinets for pupils who are capable of playing. Any one who feels like he can play and wishes to, can get one of these instruments and take lessons, then when he has learned to play in the orchestra. This is being done so as to make it possible for those who want to, to learn how to play without purchasing an instrument.

There is only one practice a week and that is on Monday. Monday has been chosen by the present members because it is most convenient for them.

We are planning great things this year. We are working very hard to get to the point where we will be able to be at your service. There are several members who, more than likely, from time to time, will play a solo or in a duet in chapel. The entire orchestra will accompany the singing as soon as possible.

The present members are as follows and the instruments they play:

- 1st violin, Ashley Pamplin, Katherine Grantham, Jack Baxter and Emma Leah Watson.
- 2nd violin, Eleanor Barton and Margaret Bailey.
- Cello, Amelia Sternberger.
- Piano, Rebecca Ogburn.

So far our neighbors have not complained of our rubbish disposal.
