EXTENSION WORK BEING DONE BY CITY TEACHERS

Many of the Greensboro teachers are taking advantage of the work offered through the Extension Department of the North Carolina College for Women. The High School teachers, who are taking the extension work, have enrolled in Introduction to Sociology taught by Mr. Linderman or History taught by Mr. Jackson.

The classes meet once a week in the High School building. The work after three or four weeks' progress proves that such work is worth while; and the teachers of Greensboro will have reason to thank the ones who made the extension work possible.

The work done by the teachers in these courses will raise certificates, and count toward a degree from the college.

Miss Coleman reports that she is delighted with the progress made thus far.

SENIORS SEND TELEGRAM TO DISARMAMENT CONFERENCE

The Seniors, realizing the importance of the great Conference now in session in Washington, believing that with the real support of all the people concerned behind its members, the disarmament conference can be a success. The chief reasons for giving our support to this conference are reached after looking back on the bloodstained pages of the years 1914 through 1918 and the necessity of the reduction of taxation, if the great powers of the world are to remain. They believe that the conforence can remedy both of these and after discussing it decided to ask the whole school to join them in pledging the greatest tainkers of the world car real support. The tellowing telegram was sent by a committee composed of Hubert Rawlins, Ethel Stockton, Margaret Hartsell and Miss Blakney, and signed by the president of the Senior class, Hubert Rawlins.

FOOTBALL SQUAD GIVEN REAL BANQUET BY BUSINESS MEN

At a banquet given at the Presbyterian Hut by the Greensboro Playground and Camp Association, the business men of Greensboro made the hearts of the football squad much lighter. There was an expression of understanding between the men and boys as each spoke of the chosen relations and interests that each would have the rest of the year.

Mr. W. A. Hewitt presided, introducing both men and boys in a most friendly manner. Mr. Preyer gave a short talk on the coolness and self-possession of each player in a game, while Dr. J. P. Turner, spoke on real football in the "90's" and "91's". Other men—L. Richardson, J. D. Wilkins, C. C. Taylor and C. C. Fordham spoke, pledging their support to the team and giving the whole squad a real fighting spirit.

Mr. Rabenhorst was introduced as the best coach in North Carolina, and when he finished he had made the people at the supper feel that he had the best team in the state.

Mr. Phillips and Mr. Archer both promised the loyalty of the school administration to the business men, and when Mr. Archer suggested an intersectal game with some far away school, it met with such approval that a committee was formed composed of representatives from the Kiwanis and Rotary Clubs.

Three members of the team spoke on the school and its loyalty. Neal Jones explained how the mass of students were being included in athletics. Jeff Fordham showed the men the plan for the financial side of the Athletic Association. George Taylor told of the moral support which the team was getting.

The meeting was adjourned with a friendly feeling between business men, fathers and players.
