

GIRLS GET MONOGRAMS

(CONTINUED FROM PAGE 1)

points under the point system. These four girls, Doris Stinnett, Carlotta Johnson, Nellie Irvin and Amelia Sternberger have been unusually active in athletics and G. H. S. is rightfully proud of them. Doris Stinnett has been on the basket ball team for the last three years, and is the captain of this year's team, which has won every game played thus far. In the Field Day program she carried off all the honors, coming in first in a number of events and receiving the greatest number of individual points of any of the girls. She is also a great tennis player. Nellie Irvin has been on the basket ball team for two years and was their captain for two years. The first year she was captain, the girls captured the State Championship, and last year they were the Western State Champions. Carlotta Johnson has been on the basketball team for several years and has also entered into several other phases of girl's athletics. She was on the Junior team, which took first place in the inter-class contest. Amelia Sternberger has won her points on swimming and diving stunts, in which she is an expert, and in hiking.

The remaining part of the chapel was turned over to Mr. Parks who told the students of the trip to chapel Hill which resulted in the G. H. S. Boy's Basket ball team downing all obstacles and becoming the State Champions. When it was learned that Mr. Parks was to take 13 boys on the trip some superstitious people feared for our chances in winning, but Mr. Parks proudly said that we had won 13 games this season and that he was sure that 13 was the lucky number of G. H. S.—which it certainly proved to be.

LOCAL CELEBRITIES ENTERTAIN STUDENTS IN CHAPEL  
(CONTINUED FROM PAGE 1)

that has been accomplished and said that Mr. Parks was a fine type of man. Mr. Hewitt ended by saying that he hoped that the boys would make the kind of men that everyone expected them to make—true leaders wherever they were.

Mr. E. Sternberger was then introduced. He represented the Rotary Club. He said that everyone would be a celebrity some day in his own way. To be a celebrity, one must always take the right road and do the right and honorable thing at all times. They must take go the least bit wrong. When he was a boy, he was cheated out of the wondrous things that boys do today. His chief pastime was playing marbles and he had no chance to display leadership, but now, the boys have the wonderful athletic games that give them a chance to display all that is in them. In other words, the athletics of today makes out of us fine citizens of tomorrow. Mr. Charlie Hines, who represent-

He congratulated the basket ball boys on their recent victory and the manner in which it had been accomplished. The most important factor in winning the victory was team work and no grand stand play. He said that he could not emphasize the value of team work enough. That the reason some committees do not progress as rapidly as others is because team work is lacking. Mr. Hines said that Woodrow Wilson attributed his failure to the fact that he had only a one track mind. And he could not co-operate with the nations across the sea. Inability to see things in a broad way is the cause of failure in some cases. Also failure to try to understand our neighbors makes us failures by shutting us off from the spirit of fellowship that we should have for each other. Being on a team helps us develop this fellowship. we can do few things alone. Mr. Hines closed by quoting a selection from Kipling.

"It's not the guns an' armament Nor the army as a whole, But the everlasting team-work Of every bloomin' soul."

Mr. Will Preyer, a Kiawanian, was then introduced. He put across the idea that it took the co-operation of the whole school to produce a team that has accomplished what our team has. He said that victory carried responsibility and that he was glad that we ordinary, every-day folks who had to work hard for our laurels.

Mr. Wilkins was then introduced. We always associate Mr. Wilkins with the school activities that we carry on, because he is always interested in everything that we do. He said that he had seen most of the games this season and that they were fine, well-played games. But he did not want our team to get puffed up and proud over their victory. He knew that the team had not always followed the straight and narrow path as it should, but it got by with it this time, but it should always do what is right because some day, perhaps, the element of luck will not enter in our race and help us.

Mr. Park, the coach of the team, closed the program. He told us that playground work was being carried on in the grammar grades, so we would have material, in the years to come, for another such team. That this play ground work promoted a spirit of co-operation and leadership among the younger boys. He said that he thought it would be fine if every healthy, red-blooded boy in every town of the U. S. should have to take the hike that the boys of Avient and Parton had to take when they reached the age of 13 years.—It is "with this life I will uphold the honor of the institutions of the city that I love."

Probably the largest sidewalk in the world is to be built to connect the cities of Albany and Schenectady, N. Y., a distance of 17 miles, for the protection of pedestrians using the public road between those two cities.

## The North Carolina College For Women

Offers to women a liberal education and professional training in vocational subjects.

Liberal courses in Arts, Science, Music and Home Economics.

Teachers and graduates of other colleges provided for in both regular and special courses.

Equipment modern, including furnished dormitories, library, laboratories, literary society halls, gymnasium, athletic grounds, music rooms, teachers' training school, infirmary, sanitary laundry, cold storage plant, central heating plant and open air recreation grounds.

Fall term begins in September; Spring term, February; Summer term, June.

### WHY ONE IN 100 FAILS

There are about 1,800,000 business concerns in our country. In the last decade failures have averaged 14.152 a year or less than one in 100.

#### PERSONAL CAUSES

- Incompetence ..... 325
- Lack of capital ..... 323
- Fraud ..... 70
- Inexperience ..... 66
- Neglect ..... 13
- Unwise credits ..... 16
- Extravagance ..... 12
- Speculation ..... 6

#### OUTSIDE CAUSES

- Business conditions ..... 144
- Failure of others ..... 12
- Competition ..... 13
- Incompetence heads the list. This shows the value of schooling and experience laboriously and slowly acquired.

Lack of capital comes second as a reason for failure. In most cases, that can be overcome only by patient saving.

Business conditions, third in rank as a failure cause, are beyond the control of any individual. The best we can do is save a reserve fund for the leap-years.

A Phone For Your Pocket—Here is something that you could not have believed a little while ago, yet now it is commonplace fact.
