## WINSTON MEETS STINGING DEFEAT

(Continued from page 1)

second, but he threw the ball away, and Swift went to third and then came home on a wild throw by Cofer to Sapp. Williamson then went to second on Joyce's error, advanced one on Adam's sacrifice and came in on an attempt to catch him at the home plate. Britton and Block then popped up to the infield and Greensboro's scoring was done.

Scar Wrenn was the hitting star of the contest, getting a single and a half circuit out of four times at bat, and his two-base clout was the only extra bag hit of the fuss. Swift and Ford both pitched a good game, but Swift worked out a better one than his opponent and also received airtight support in the pinches.

### G. H. S. LICKS MEBANE

In a game marked by many errors and free hitting, Monday, April 24, the Greensboro high school lads bunched hits in the sixth inning and scored eight times, thereby establishing a lead which the Mebane lads could not overcome, and put Mebane on the short end of a 12 to 6 score.

Both pitchers were hit freely but Fordham for Greensboro received airtight support which enabled him to work out a very good game.

Mebane started things with a rush in the 1st inning and shoved 4 men across the pan on 2 hits, 3 errors and a walk before they could be subdued.

Greensboro receiving somewhat of a scare, decided to start things for themselves and scored 3 tallies on a single and a double and 2 errors. In the fifth Mebane bunched hits and shoved one marker across as a result of three singles and an error by Fordham. In the sixth Greensboro thought it was time to sew the game up so they put on their hitting togs, punched out four singles and a double and with the aid of 3 errors and a walk talked to the home plate 8 times and then stopped for that inning. Buster Swift was put on 2nd base in the 7th and as a result of nervousness made a couple of errors and Mebane feebly crossed again. After this inning they were never on speaking terms with home plate.

For good measure Greensboro scored again in the eighth when Williams got on by a wild heave by Long and scored on Wrenn's fourth single of the day. Wrenn for Greensboro was the batting and fielding star of the fracas, getting four singles out of five times up and making two brilliant catches in the outer garden.

### STRUCTURE OF "REFLECTOR"

The back of the Annual alone is enough to make the book a thing of beauty. It is made up in a soft pearl gray leather with gold lettering and a gold stamp. The book contains about two hundred pages of the best quality white stock. The various departments are separated in a unique way. This is done by the use of post sheets—one to each distinct department. These sheets are gray and are worked up in a two color tone. The school seal is used most effectively on them. Everything possible has been done to combine quality and beauty in the 1922 "Reflector."

### SOPHS ARE FOR IT

Are the Sophomores for "The Reflector"? The Sophomores have pushed and have taken a part in every activity that old G. H. S. has put through this year, and they don't intend to stop now. Although they are not listed as an "upper" class, they know that their time is coming, and they feel that it is their duty not only to be acquainted with and prepared for the problems that the Seniors are coping with now, but to set the example and establish the custom of the lower classes feeling that they are a part of the school, and that it is their privilege as well as their duty to share a part of the work. And it is work. The Manager and Directors of any of the school enterprises have to plan and worry and labor continually over them.

Two of the most important of the activities that the school has carried through this year were the two big theatrical performances, "Katcha Koo" and "The Captain of Plymouth". They were movements of great importance, in themselves, nothing of this kind has ever been tried in G. H. S. before, yet they were only a cog in the big job of putting out "The Reflector".

The directors of "The Reflector" were appointed at the very beginning of the year and have worked over it steadily up to now. The Sophomore class recognizes the splendid work of these people and takes this opportunity of expressing its appreciation, for the service. Although they can not help in the work of getting "The Reflector" ready for the printers, as this job is over, they can help to do the smallest part of the job, that of selling it. Although this is the smallest part of the big job, it is no small undertaking. The Sophomores are aware of this fact and are ready and willing to tackle the job.

Are the Sophomores for "The Reflector"? They ain't nothin' else!"

### PROSPECTS FOR NEXT YEAR'S ANNUAL

Everyone is confident that this year's Annual will be a success, but at present the prospects for the 1923 "Reflector" are so bright that they almost dim the ones of 1922. Things are now planned so that there is absolutely no reason why the Seniors of next year can't put out an Annual that would do credit to any high school with the very least of work and expense. The school authorities have just signed a contract with the Bureau of Engraving which is calculated to make the "Reflector" staff of next year sail along on flowery beds of ease. By this method the book is to be completely planned and laid out during the summer months, so that all work can be begun by the middle of September at the beginning of school. This careful planning takes care of not only the construction of the book and the literary end but also includes the financial end. Go to it, Juniors! The 1923 "Reflector" is up to you!

### NEW AND NOVEL FEATURES OF THE ANNUAL

One of the cleverest features of the whole Annual is the attractive little story that runs throughout it and which forms a connecting link between each phase of the book. This year's "Reflector" takes the form of a highly interesting and entertaining report delivered by a Marsian professor after his first visit to Earth. This professor tells of the peculiar people he met while down on Earth and dwells especially upon a school for boys and girls "situated in a

## The North Carolina College For Women

Offers to women a liberal education and professional training in vocational subjects.

Liberal courses in Arts, Science, Music and Home Economics.

Teachers and graduates of other colleges provided for in both regular and special courses.

Equipment modern, including furnished dormitories, library, laboratories, literary society halls, gymnasium, athletic grounds, music rooms, teachers' training school, infirmary, sanitary laundry, cold storage plant, central heating plant and open air recreation grounds.

Fall term begins in September; Spring term, February; Summer term, June.

FANCY DRINKS, CANDIES, ETC.

thriving town in the heart of a fertile state known as North Carolina." He reports to the other Marsians on how this school is conducted and gives details of its scholastic, literary and athletic activities. When the professor closes his account with an amusing account of the wit and humor of this school, one is tempted to believe that this Greensboro High School which he visited must be the best ever.

Another novel addition to this year's Annual is the number of snapshots taken in and around school. There are individual snapshots of all the people who make up the school statistics; there are snapshots of the teachers; snapshots of the pupils and snapshots of different games. The humor department is also handled in an entirely new way. With these new attractions who can say that the 1922 "Reflector" isn't going to be the best ever put out by G. H. S.?
