

Debating Program Will Reach Number Students.

The policy to be followed by the debating committee of the Greensboro High School shall be the following:

1. A continuance of the Debating Club organized last year. The aim of this organization is to do intensive work in the art of brief making and debating, as well as to train its members in leadership. Through this club we expect to produce some capable debaters for the triangular debate.

2. In the fall term the annual Freshman-Sophomore debate shall be held.

3. With the cooperation of the History and English Departments a monthly debate shall be held in each History and English class. Inter-class debates will be developed in this phase of the debating work.

4. The session room teachers are asked to have occasional debates in their own rooms. The committee suggests that these debates be held during the chapel period.

The debating committee is as follows:

Kathryn Dorsett, chm; H. M. Reaves, asst chm; Lillian Killingsworth, Helen Robbins, Ada Viele, R. C. Kiser and Hugh Lefler.

Publicity Committee

The purpose of the publicity committee is to see that each event or activity of the High School, which is of any interest to the public, is reported to the local newspapers on time. Through the secretary of each organization the committee will be kept posted.

The Greensboro Daily News has offered space daily for High School news. The Record will give in addition a special space on Friday. The High School is greatly indebted to the local papers for this courtesy.

Social Committee Ideals for 1922-1923

All normal people demand social life. Hence the work of the social committee is no insignificant task. Recognizing the importance of this committee, the need of worth while and wholesome amusements for high school boys and girls, the faculty committee worked with a student social committee. The work of the joint committee is stated in the following aims and ideals for Greensboro High School.

1. The social life is to be planned so that each boy and girl may have part in some social event during the year.

2. Each social event with a list of chaperones must be reported to the chairman of the Faculty social committee. This will prevent too many socials coming together, and will provide proper chaperonage.

3. Each session room may have a party and a picnic during the year. In each event, the session room teacher will be responsible for entertainment and chaperonage.

4. Parties or entertainments may be given to visiting teams, provided the coach and a representative from the team notify the chairman of the faculty social committee. This notice must be given at least two days before. The student social committee will be responsible for the entertainment of these events.

5. No party or social event shall last longer than eleven o'clock.

6. The social committee shall

discourage mid-week parties, and endeavor to have all social functions come during week-ends. The committee will not allow individuals or groups leaving any school event before it is over, to go any other place than home.

7. Every social function coming under the name of the High School is to be held in the Y. W. C. A. hut (which may be had every Friday and Saturday night) the school building, or place approved by the social committee.

Social Committee.

Outline of Plans for Building and Grounds Committee

1. A committee of student representatives from each class to cooperate with the faculty committee in looking after the rooms, halls, basements and grounds. The work of this committee shall take notice of the uncleanliness, untidiness or carelessness in general, in any session room, hall, basement or grounds and report to their respective faculty member.

Seniors and Juniors to Miss Robbins.

Sophomores to Miss Roach.

Freshmen to Miss Hall.

2. Each week a bulletin board notice of any rooms reported will be posted.

3. The Student Committee will be aided by a member appointed from 2nd week of every month, Fresh-

being directly responsible for his or her room.

4. Each month the grounds and basements will be looked after in the following order:

1st week of every month, Seniors.

2nd Week of every month, Freshmen.

2nd week of every month, Juniors.

4th week of every month, Sophomores.

5. At the end of each month a bulletin-board notice of the class which kept best order will be reported.

Lee Street School Items

Ten forty-five in the morning is the period looked forward to with the greatest pleasure by the primary children of the Lee Street School. Unlike the recesses of a few years ago, there are no stragglers hanging around, no wall-flowers too timid to join in the activities of the more normal children. No teachers are standing about or sitting in the shade, waiting to settle the innumerable disputes, which are so inevitable under such conditions.

Instead of such a scene of questionable enjoyment by a few, every person on the ground is actively and profitably engaged in having a good time. Led by the teacher, each grade, occupying a different part of the yard, is vitally interested in putting into practice the games selected and presented by our play ground supervisor.

In this way minds and bodies are not only being refreshed and invigorated, but each child is learning to participate with his fellows. He is learning the laws, which are the basis for good citizenship, cooperation and fair play.

Girl Reserves Go to Camp Hicone

The Girl Reserves of the West Lee Street School enjoyed a weenie roast at Camp Hicone Saturday afternoon. Cars were provided for us, and we got off promptly at 2:30 o'clock.

The Chaperones were Miss McAuley, Boulwane and Barnet. We were very glad to have Mr. and Mrs. Williams go with us also. On the way we told jokes and sang Girl Reserve songs. After we arrived, the

first thing we did was to go in swimming. After we had swum for about half an hour all of us climbed up a huge tree and had our picture taken. After which we went in the woods where we climbed trees. We brought back wood for the campfire. About 6 o'clock the service girls prepared the lunch while the rest roasted weenies. We started back home about seven o'clock and after a day of pleasure and fun we bade each other good night.

Maxine Gurkin.

Lindsay Street News

Lindsay Street School has begun the new year with an enrollment of 553 pupils and eighteen teachers. We are fortunate this year in having on our faculty two competent young men, whose special field of work, outside the classroom, will be with the larger boys, inculcating the spirit of fair play and training for the leadership.

One of the things of which Lindsay is proud is its auditorium. Here the grammar grades meet twice a week, and the primary grades once a week, for opening exercises. On Monday morning, an invitation is extended to a minister or other person of prominence to lead in our devotional exercises, which it is the policy of the school to hold daily, either in the chapel or in each classroom separately. On Wednesday morning, after a devotional service led by Miss Irvin, some grade gives a program which shows some phase of its work. Visitors are always welcome to these exercises.

Great improvement has been made in the library. Shelves have been placed in the rear of the Auditorium, and on them are 2,367 volumes. Some of these form Lindsay's quota of the books given by Mr. Archer for a school library. Year before last the outgoing seventh grade donated \$30 to be spent for books. Last year's outgoing class raised \$85 for the same purpose. The Parent-Teacher Association last year bent every effort toward obtaining books, with the result that approximately \$450 was spent by that organization to enlarge our library. In addition to the bound volumes, many of the leading magazines and newspapers have been subscribed for.

Desks have placed in the rear of the Auditorium, so that the books and magazines are now available for reference use. We expect our library to be a great aid to us in our work, and any contributions will be gratefully received. We hope for a material increase of volumes when "Book Day" arrives.

The thrift banks are again in use. The plan is to teach our children the valuable lesson of thrift.

October 2-9 is to be observed as Fire Prevention Week. A committee is at work planning a series of suitable programs.

The Lindsay Street School Parent-Teacher Association has definitely set the first Tuesday in each calendar month for its meetings. It is hoped that the parents will meet with the teachers; discuss with them the child's problems, progress, welfare, and needs. Parents and teachers will then have a mutual responsibility in making the school year of 1922-1923 a worth while one in the school life of each child. Visit the schools frequently and observe the work being done in the school room and on the playground.

The teacher needs the parent's cooperation, especially in regard to tardies, and absences. Our slogan is: "Every child in school every day and on time."

Physical Education

Each student in High School has forty-five minutes of recreation a week. This period is devoted to baseball, pin ball games, newcomb, track and field, tennis and quito. Session rooms are assigned to the various sports which are held on the High School grounds and on the Y. M. C. A. field on Washington St., under the supervision of H. W. Park, assisted by some of the High School teachers.

Mr. Phillips Gives Public Plans

(Continued from page 1)

Since there are only six periods for each student besides the chapel and dinner periods, it is evident that a reasonable amount of home study is necessary. No student should get up less than three subjects at home each day. In some cases it would be necessary to do more. Parents should note this fact with care, constant vigilance in this respect will tend to reduce failures.

Failures

The policy this year will be to give students an opportunity to keep up the work as they are now classified. If, however, there is continued failure, it will be necessary to take steps to place the students where they can do the work.

Monthly Reports

Each student is given a report for the month on the 1st Wednesday after the end of the school month. This is supposed to be signed by the parent or guardian and returned the next day. Parents should see that their children bring that report in promptly and that it is sent back. Continued failures on this report ought to bring about a visit to the school for a conference with the principal and teachers who are anxious to cooperate. The letter "D" is a failure now instead of a "C—" as in the past.

Care of Books

Each pupil is held responsible for all books issued to him. It sometimes happens that books are not lost through carelessness, but in most cases that is the reason. A lost book must be paid for within three days and the new book issued. If the book is found later, a refund will be made. Parents should impress upon children the importance of caring for school books and school property.

Complaints

While no one likes to hear complaints, the administrators of the High School are aware of the fact that an organization of such size cannot be operated without some mistakes and misunderstandings. In view of this fact it is very desirable that any complaint of any nature should be made to the proper authorities. The Principal, through the very efficient secretary in the office can always be called about any matter of importance to the pupils of the High School. This secretary can in many cases clear up matters with a very few words.

Communicating With Pupils During School Hours.

Parents should not assume that a pupil can be called to the phone at any and all times of the day for various matters. The school rule is that no student may use the telephone in the office except in case of an accident or other emergency, this applies to both the matter of the student calling and to the parent calling for the student.

Emergency messages only will be taken and delivered by the secretary.

Pupils are at school for work and should not be disturbed.

Boost

Boost your city, boost your friend; Boost the lodge that you attend, Boost the street on which you're dwelling

Boost the goods that you are selling, Boost the people round about you, They can get along without you, But success will quicker find them. If they know that you're behind them. Boost for every forward movement, Boost for every new improvement, Boost the man for whom you labor, Boost the stranger and the neighbor, Cease to be a chronic knocker, Cease to be a progress blocker; If you'd make your college better Boost it to the final letter.—Davidsonian.

N. C. Girls' Athletic Ass'n.

(Continued from page 1)

Group 4. 1. Observing Training. Regulations for one term (3 mos.) 20.

Training Regulations

1. Eight consecutive hours sleep each night, beginning not later than 10:30. (11:30 allowed one night each week-end.)

2. Well balanced diet; no coffee or tea.

3. No eating between meals except fresh fruit or milk.

4. Good "Health Card" record.

5. Faculty advisor in charge of training group may excuse five breaks in training a season.

Section 2. Honors

1. For 200 points, the local school letter shall be awarded as "C" for Greensboro.

2. For 400 points the standard state monogram shall be awarded.

Section 3. Awarding of Honors

1. Honors shall be awarded by the athletic council and approved by the scholarship committee.

2. Citizenship shall be decided by the athletic council.

3. All star monogram must be approved by the central committee where the record is kept.

Girls' Athletic Program

(Continued from page 1)

is not up to the standard, will be offered.

A large number of the girls are developing into excellent swimmers under the instruction of the Y. W. C. A. physical director.

8th. Archery sets will be provided and a tournament held as a feature of the Track and Field meet.

9th. Field hockey will be added to the list of spring sports.

10th. In addition to the yearly spring athletic meet a Tract and Field meet will be held in November.

We challenge any school in the State association to present better results than ours from the training regulations. The beneficial effects upon the girls who were in training last year has been a subject of comment, both by the girls themselves and their mothers, and a large number have already signed up for training.

The association is pledged to maintain the high standards of citizenship set up by the council of last year. No girl whose ideals are unworthy can hope to be awarded honors.

In brief, the athletic program for the girls aims to reach each one in some way. It aims to develop wholesome individuals, group and class rivalry throughout the year, and when wise, to use the skills thus developed against schools in reach of Greensboro in clean inter-school contests.
