

MRS. DIBBLE OF STEPHENS PARTY SPEAKS TO GIRLS

Subject Is "A Girl's Greatest Asset" Advises Girls to Keep a Good Name.

HOLD UP HIGH IDEALS

Says Girls Crave Popularity, Money, and Beauty, But These Do Not Last or Satisfy.

Mrs. George Dibble, of the Stephens Evangelistic party, held her first meeting with the high school girls Friday, April 30, from 3:30 to 4:00. She distributed small copies of the book of John among the girls and discussed the first chapter with them.

Mrs. Dibble pointed out that the purpose of the whole book was to prove that Jesus was the Son of God. In the first chapter Jesus is introduced as the Lamb of God who takes away the sins of the world. Andrew and John became acquainted with Jesus and bring Peter to Him. Mrs. Dibble urged the girls to follow Andrew's example and bring their friends to Christ.

Outline sheets were given to the girls to fill in at home.

Mrs. Dibble will meet with the girls every Friday afternoon until the revival closes, and will continue the study of the book of John.

SEMESTER IV HEARS TALK FROM N. BLOCK

Speaks Before Enthusiastic Audience of Juniors—Class Selects Flower, Color and Mottoes.

The meeting of the junior class, semester five, Friday, April 12, proved to be one of the most interesting and enthusiastic meetings of the season. After the minutes of the last meeting were read, a report from the treasurer showed that the members of the class were working well in raising money for the coming year. It is the desire of the class to have enough money in the treasury to meet its obligations during the year without having to call for much from the individual members. For the class colors green and white were selected; mistletoe for the flower. "Where there is a will there is a way" was the choice for the motto.

Harry Gump, the class president, made a short talk urging the members to go forward with all school activities, not only in scholarship but in all athletics and class activities. "If you have done your best it will surely be for the best of the class," he declared.

Norman Block, student president for the year 1924-25, made a very interesting and constructive talk to the class. He urged the importance of setting a goal and working to meet it, but let the goal be so high that the summit will hardly be reached. To back up this statement he showed that a self-satisfied person never amounted to anything. "To be contented with your present standing is the world is about the worst thing that a person can let creep into his mind. Make an effort to achieve something in athletics and in all phases of school activities, including scholarship, if that is gotten fair and squarely. No matter how low one may get in life, if he only makes up his mind and says 'I will,' that may put him on the top."

C. W. PHILLIPS PREACHES SERMON AT STAR, N. C.

Mr. C. W. Phillips, principal of the Greensboro High School, preached the baccalaureate sermon at the Star High School, Star, N. C., on April 25, 1926. The class, being the first to graduate in the new building, consisted of fifteen graduates. Mr. R. C. Kaiser, formerly a teacher of Greensboro High, is now principal of Star High School.

Mr. Phillips gave a very inspiring talk, his subject was the "Do's and Don't's" for high school graduates. He exhorted his sermon by saying, "Be somebody, do something, and have faith."

Who's Who?

Jeff Fordham, brother of our track and football coach, and graduate of the class of '22, is president of the student government at Carolina. Jeff is a member of the Phi Beta Kappa and has taken an active part in athletics.

Clement Penn is "running away" with track honors at Davidson.

Bobbie Wilkins has lived up to his reputation as a leader. He was president of the Freshman class at Carolina and played on the class football team last year. This year he has shown up well on the track.

Nancy Little, from the class of '23, is editor-in-chief of *The Carolinian*, the N. C. C. W. magazine.

Nellie Irvin, graduate of the class of '22, has established a wonderful record at N. C. C. W. She will graduate this year and has accepted the position of physical director at the Florida State College in Tallahassee, Fla.

Elizabeth Thornton, who graduated with the class of '24, is doing splendid work in dramatics at Saint Mary's School. She has taken the leading role in several plays there. Elizabeth has graduated in expression, and will graduate from Saint Mary's this year.

Bill Scott, last year's state champion, made the tennis team at Carolina.

PHILIPPINE QUESTION IS ARGUED IN DEBATING CLUB

The query, *Resolved*, That the United States should grant the Philippines their independence, was debated at the meeting of the debating club, held Friday, April 23. Edward Stainback and Louis Brooks upheld the affirmative; Ernest Scarborough and Glenn Holder contended the negative. The negative won by a two-to-one decision.

The affirmative contended that the retention of the Philippines was undesirable from a naval and military standpoint; that it is a violation of the fundamental principles of our government; and that the Philippines are capable of governing themselves. The negative based its argument on two facts: First, that independence in the Philippines is not politically and economically sound; second, that the Philippines are not ready for independence.

PINS ARRIVE APRIL 20 FOR TORCHLIGHTERS

The Seventeen Members Receive Pins Emblematic of Organization Principles—Character, Scholarship, Leadership and Service.

Tuesday, April 20, a parcel post package containing 17 Torchlight Society pins arrived at the Greensboro post office. By the following Monday the 17 members who had ordered them had succeeded in accumulating \$1.75 each, and proudly relieved the postmaster of the pins.

The idea of the Torchbearers which the organization represents is successfully carried out in the design of the key-stone-shaped pin which bears the lighted torch and the initial letters of the four principles on which the society is based: character, scholarship, leadership, and service. No one but a member is entitled to wear this symbol of the National Honor Society.

The G. H. S. chapter of the society has been invited to give a program at the High Point High School as soon as the new chapter there receives its charter from the National Honor Society in New York. A meeting for the purpose of discussing this program was held in Room 106, Wednesday, April 28, immediately after school.

HIGH LIFE WISHES GOOD LUCK TO PRINCETON H. S.

HIGH LIFE is glad to see you are planning to present "The Charm School." We hope you will have as good success with it as G. H. S. did. We wish to congratulate you on the honors you received at the S. I. P. A. convention. We know what it means. As a whole your paper is fine, although it's rather long for its width.

"OPPORTUNITY" IS SUBJECT OF TALK

Mr. and Mrs. George Dibble, Mr. Jim Heaton, and Miss Loes Represent Party.

Representatives of the Stephens revival, Mr. Jim Heaton, Mr. George Dibble, soloist, Miss Birdie Loes, pianist, and Mrs. George Dibble were with the student body here in chapel April 26, 27 and 28.

Mr. George Dibble, soloist, when introduced by Mr. Heaton, seemed to have great difficulty in speaking, but soon mastered his voice and sang "Keep Sweet" and "Get God's Sunshine into Your Heart." Mr. Heaton and Mr. Dibble then pleased the audience with "I've Tried in Vain a Thousand Ways," accompanied by Miss Loes.

Mrs. Dibble, speaker for the day, addressed the students on the opportunities of youth. "We're never happy until we get into the high school because we feel that we haven't really met the brains in the city until we meet you people." She went on to say that high school students reminded her of spring. "Everything is so green," the speaker declared.

"In the *American* and other magazines, we read stories of people who have made something of themselves in spite of the circumstances," the speaker continued. "Anyone with ambition can overcome his circumstances, and make something of himself."

"What does the future hold for each one of you? Youth is a wonderful time. Do you realize it? The door of opportunity is wide open to the boy or girl who dares to try!"

Mrs. Dibble spoke of the foundation needed for any good work. She told of how mighty structures had tumbled to the ground because of poor foundations. Girls and boys, build upon the one and only foundation that can stand the test of time—Jesus Christ!"

Prior to this Miss Nellie K. Dry presented Josephine Abernathy and Mary Tilley with "G. N. C.'s", Lola Michaux with a "G." and Hazel Brown with an athletic star. Miss Dry then announced that Greensboro won first place in the track meet at Winston, carrying off six first places. John Mebane introduced the leading candidates for the popularity contest, namely: P. B. Whittington, Marguerite Harrison, Graham Todd, and George Sherrod.

HIGH SCHOOL ORCHESTRA PLAYS AT N. C. ASSEMBLY

Thursday, April 22, the Greensboro High School orchestra played for the N. C. C. W. students at assembly.

The program consisted of "Overture-Raymond," selections from "The Bohemian Girl," "The Caliph of Bagdad," and "Dance of the Happy Spirits." Each of the numbers was well applauded, especially "The Caliph of Bagdad," which is the overture presented by the orchestra in the State Music Contest held at N. C. C. W., April 29-30.

C. W. PHILLIPS ATTENDS

Principal C. W. Phillips, accompanied by Mr. C. D. Benbow, attended the Boy Scout National Conference in Washington, D. C., April 30-31. Friday afternoon they witnessed a parade of over 12,000 scouts who attended from all parts of the country. On Saturday they were addressed by President Coolidge and Sir Robert Borden Powell. Sir Robert Powell is the founder of the British Boy Scouts after which the Scouts of America have followed.

G. H. S. GIRL SCOUT TROOP VISITS KEELEY GROUNDS

Wednesday, March 27, the Girl Scouts of Greensboro High School visited the Keeley Institute to study plants. Miss Bullard, patrol leader, accompanied the scouts. Dr. Robinson and Captain Whitfield conducted the party around the Keeley grounds, pointing out and explaining the many flowers and trees. The visit was thoroughly enjoyed by every one.

FRIENDS AND NEIGHBORS

Congratulations, Duke! You certainly must be doing fine work in the publication line, but HIGH LIFE has always admitted you had a fine paper in the *Chronicle*. We notice that Duke's press will print the Hispanic American Historical Review. Good! Hope you enjoyed May Day celebration. Duke University—*The Chronicle*.

The *Technician* tells that State College, Raleigh, N. C., was victorious over William and Mary in the debate. That's fine! The extracts from an old catalogue issued from the college years ago reveal some facts about the school that are very interesting. One section ran something like this:

"The college is by no means a reform school, and its work must not be hindered by the presence of young men who are grossly vicious, idle, or incompetent."

That's some "rep" for you boys to keep up.

From the account of the *Carolinian* from N. C. C. W. we would imagine Mr. Forney would have quite a few visitors if they all have as good a time as one did. The article was about a Saturday morning tagging after the College Treasurer while he paid off all the help. It was very well written and the little personal touches made it very interesting.

Those of us who have studied Biology can surely sympathize with the students of Creeley High School who had to murder frogs and snakes. Our deepest sympathy to you and regrets to the poor frogs and snakes! *Cup o' Coffee* announces that its staff has challenged the faculty to edit one issue of the publication. HIGH LIFE editors are looking forward to reading that issue.

Cup o' Coffee, Coffee, County High School, Enterprise, Okla., is interested in civic affairs. They gave up the front page boxes to advertising the coming of the Chautauqua. "A sportitorial" on the sports page gives a lesson with a little "pep" added. It compares the game of baseball with the game of school. Good!

Congratulations, Winston! HIGH LIFE rejoices with you over your victories—both debating and athletic. Wet met your debaters and we're not at all surprised that you won—we're glad they were true representatives.

We're glad to see that North High School of Minneapolis, Minn., has some well rounded boys. The headline read: "Athletic Stars Show Ability in Play Production."

Their track team seems to be in the same shape ours was at the beginning of the season. *Polaris Weekly* says only two letter men out for track.

The *Guilfordian* must be very proud of her editor-in-chief, Byron Haworth. He won first place in the annual Peace Oratorical Contest and will represent Guilford at Davidson, May 3. Good luck to you, Byron!

Coatsville High School, Coatsville, Pa., has a set of traffic rules, and finds it necessary to write editorials on the girls' disobedience to the same (in *The Spotlight*.) We can sympathize with Coatsville.

Hi-Rocket, Durham, N. C. Durham High is getting some new tennis courts. You're lucky, "Bull City" boys. We may have a few, some day.

Manual Arts Weekly runs a cartoon on "manners." Attention, Miss Grogan, you and your class.

The *Advocate*, Lincoln High School, Lincoln, Nebraska, gives its statistics on the cost of heating the school for a day. \$32 a day, 13 cents a pupil per day, \$5,856 per year. Five years ago it was double this amount. There are 3,432,000 cubic feet of space. In other words, *The Advocate* is interested in making things warm.

BAPTIST BOYS HOLD A "BEST GIRL" MEETING

The members of the Baptist Boys' Club had a very delightful social meeting Monday, April 26, at the Policemen's Club House. Each boy brought a girl.

The party met at the club house at 6 o'clock where "barnyard golf" was played until supper time. The guests were invited to dine in a long dining-room in the rear of the club house, which was lighted by four or five gas lanterns. The menu consisted of fried rolls, hunter's stew, coffee, and ice cream and cakes. Mr. Frank Casper of Scout troop No. 5, and leader of the Boys' Club, presided over the supper.

After the supper, many games were played around the tables. Boxes of candy and toys were presented James Cates, Mildred Knight, and Edwin Lashley, who were winners of the prizes.

For a few minutes the meeting was given over to business and members discussed formulating a baseball team to represent the church.

Mrs. George Dibble, of the Stephens revival now being held in this city, was the speaker for the night. She addressed the boys and girls on "Friendship." "Friendship in high school blessed by the partner, Jesus, are the most beautiful treasures of life," Mrs. Dibble declared.

G. H. S. BOYS TO BE CAMP ADVISERS

Mr. Parks, acting as the Greensboro representative, Willard Watson and Roy Smith as Junior Councilors, will be present at Black Bear Camp near Marion, N. C., during its summer session of July and August.

Black Bear Camp is one of the best resorts in the state for boys to have a real sport's good time in the wilds of the Blue Ridge mountains. Mr. Bernier, who was physical director at Camp Sapphire, will be there to coach the boys in all forms of sports. Mr. Archer, Superintendent of Greensboro schools, and Mr. G. B. Phillips, former principal of G. H. S., will assist Mr. Reed, also from Camp Sapphire, in directing the camp. Mr. Wm. W. York, former teacher of G. H. S., will fill the office of secretary and treasurer.

MRS. DIBBLE TALKS TO STUDENTS IN CHAPEL

Mrs. George Dibble, of the Stephens revival party, talked to the Girls Forum Friday, April 23, on "A Girl's Greatest Asset."

She said that the girls of today craved popularity, money and beauty, but these did not last or satisfy. A girl's name may be compared to a flower garden which brings forth beautiful flowers, and if they are not cultivated will sooner or later be choked out by weeds. It isn't easy to hold up high ideals today. Some girls smoke cigarettes, read and tell unclean stories, and then the other girls follow.

"Keep a good name, girls, for the sake of your parents and the young men that are looking to you for higher ideals and examples. The boys are going to be what the girls make them; they are either going to be lifted up or pulled down."

In conclusion, Mrs. Dibble said, "Popularity or pleasure at the price of a good character never lasts or satisfies."

PROF. WUNSCH DISCUSSES 'SPEAKING APPEARANCES'

W. R. Wunsch, head of the G. H. S. dramatic department, spoke to the Debating Club Friday, April 16. "Speaking Appearances" was his subject.

"Neatness and quietness of dress are important," he stated. "The audience must not be conscious of the speaker's clothing. To become a successful speaker one must possess voice culture."

Plans for a debating program to be held in chapel were discussed. The suggestion was made that the club try to arrange for a course in public speaking next year. A committee to investigate the matter was appointed upon the belief that such a course would be a great step forward for all interested in this line of education.
