

Thrift Week Observed in Greensboro January 17-23

Y. M. C. A. SPONSOR

Programs Planned For Schools and Numerous Industrial Plants of Greensboro

HIGH SCHOOL RANKS LOW

Let Our Slogan Be "For Success and Happiness," Is Mr. Phillips' Advice to His Hearers

National Thrift Week is to be celebrated January 17th-23rd. In Greensboro, Thrift Week is under the auspices of the Y. M. C. A. chairmen, who have planned programs to be held in the schools and numerous industrial plants of Greensboro.

G. H. S. now stands near the bottom in rank for number and amount of savings. On January 4th, 59 of the 800 students deposited in the bank. The amount deposited was \$46.72 and only 19 rooms were represented.

Starting now if each pupil would invest at the rates of those who deposited January 4th, in 20 more weeks each pupil would have nearly \$20 ready by June.

In discussing thrift, Mr. Phillips said: "Think it over! Isn't it a good idea to start depositing now? Let our slogan be 'For Success and Happiness.'"

Some member of the faculty will be appointed to take charge of banking at G. H. S. during the spring term.

Y.M.C.A. ADMINISTRATION BUILDING IS DEDICATED

Greensboro High Glee Club and Hi-Y Double Quartet Sing Under Mr. Miller's Direction

J. WILSON SMITH GIVES ADDRESS

The new Y. M. C. A. was dedicated Sunday, January 9. Every available seat was filled in the front meeting room of the new building, where the dedication services were held. Mr. J. Wilson Smith made the chief address.

The high school chorus and the Hi-Y double quartet, under the direction of Mr. Grady Miller, sang several selections.

Mr. Smith in his talk gave three reasons why the Y. M. C. A. has advanced so much in recent years. First, it gives an answer to the question: "What shall we do with our boys?" by furnishing a place where they can go for clean, healthful amusement. Second, it is not selfish in its purpose; it places its program at the disposal of churches and schools. The third and last reason is because the Y. M. C. A. believes whole-heartedly in Christ and is loyal to Him in all that it attempts to do.

The service was concluded with a benediction by Dr. C. F. Myers.

COURSES OUTLINED FOR NEXT SEMESTER'S WORK

During the week of January 3 courses of study for next semester were completed. Pupils who have failed one or more subjects this semester will be allowed to take only four subjects and no one can take more than five.

P. T. A. PLANS WORK FOR NEW SEMESTER

"Child Welfare," "Normal Training of Child," "Humane Education" Are Topics

CO-OPERATION APPARENT

The Parent-Teacher Association of Greensboro High School may look for big things in the new semester, according to the program committee which has arranged all programs for the coming months. C. W. Phillips is chairman of that committee.

Probably the middle of February there will be a day for the association, on which exhibits of work the children have done will be held and luncheon will be served in the cafeteria in the afternoon. At night there will be a regular program in the auditorium. This program has been arranged for the purpose of raising money.

The topic for discussion at the meetings the remainder of the year will be: February, "Child Welfare;" March, "The Moral Training of the Child;" April, "Humane Education!" and, May, "The Back-to-the-Home Movement."

The association expects to have many new members next semester owing to the large number of pupils who will enter G. H. S. from the grammar schools. The next meeting will be held February 2, two days after the new semester begins, and the P. T. A. urges all new mothers as well as the old ones to attend this first meeting.

RAYMOND ROBINS IS OPEN FORUM SPEAKER

"The Outlawry of War" Is Subject of Talk by Noted Advocate of Peace

Raymond Robins, noted peace advocate, speaking before the Greensboro Open Forum Tuesday evening, January 11, declared that world peace could be effected by the realization that war is the most dangerous of crimes. Mr. Robins' subject was "The Outlawry of War." Several times he cited parallels in recent history to support his theory of abolishing war.

"Thirty people, when war comes, do not realize the vast expense in money, resources, and life that is incurred by such a conflict," he said. "Wars come without warning. Wealth of some kind is the motive or objective of all wars." The speaker stated that public opinion in every country should be built up against war. After this opinion is firm and stable, the nations of the world should codify international law and consider war, on the part of any nation, the gravest of crimes.

It was announced that the next meeting of the Open Forum would be February 23, at which time Mlle. Marguerite Clement, a Frenchwoman, will speak on the subject of "Intellectual Leaders in France."

'THE GOOSE HANGS HIGH' TO BE GIVEN BY G. H. S.

High School Will Also Enter the State Contest For the Best

One-act Play

A three-act play, "The Goose Hangs High," is to be presented on February 25 or 26 by the Dramatics and Public Speaking classes. It is to be the outstanding play of the year.

Miss Marion Bliss, head of the department, says that it is even better than "On the Hiring Line," and has been presented in a number of large colleges.

The try-outs will probably be held before mid-term exams.

G. H. S. will also enter the state contest for the best one-act play.

PLANS FOR NEW HIGH SCHOOL PLANT SOON TO BE COMPLETED

Possible Site Beyond Lake Daniel, Between Lindley Park and A. & Y. Railroad

LARGE TRACT NECESSARY

Location Selected Will Be Nearer For Majority of Students, As Shown by Maps

In a discussion of the new schools, Superintendent Archer said the probable location of the first of the new high schools will be beyond Lake Daniel, between Lindley Park and the Atlantic and Yadkin railroad. This place is an ideal and central location, although it may not seem so at first glance. When Aycock street and Wendover avenue are completed they will intersect at a point near the contemplated location. This will be nearer than the present Greensboro High School for the majority of students as shown by maps now being issued.

There has been much discussion as to the need of such a large tract for a school. It seems to be a great expense to buy fifty acres for only one school. If the situation is carefully analyzed, however, it will be seen that this much space can be easily used. As the plans are to date, although nothing definite has been drawn, there will be one central building, with the auditorium, offices, etc. Around this unit other buildings will be erected as they are needed. Only one building will be constructed, besides the auditorium, at present. Also several athletic fields, both for boys and girls will be arranged. There will be a need for a number of such fields to take care of the various athletics in a high school. Inside the building there should be adequate locker and shower rooms so that each pupil shall have an individual locker. The boys and girls need a large gymnasium to take care of basketball and other gymnasium activities. This will call for two gyms, both larger than the present ones at Aycock or Caldwell.

Several of the new members were present and readily entered into the spirit of the club. At the meeting of January 14 the election of new officers took place.

FREDERICK ARCHER SPEAKS ON SCHOOLS

Frederick Archer, superintendent of the Greensboro public schools, was chief speaker at the regular monthly meeting of the Greensboro Ministerial Association, January 3. In outlining the aims of the city school administration toward the individual student, he said: "In order that the student be inspired with things which make substantial citizenship, it is necessary to get good teachers who have character and personality."
