BOYS' DEPARTMENT VERY ACTIVE DURING MONTH OF MARCH

Unusual Interest for Boys Shown Throughout City. Much Good Done

NEW RECORD IS MADE

Mr. Wiener Getting Everything Ready For Boys Camp Site—Is Planned in Rockingham County

Sixty-two new members in the boys' department for the month of March is the record at the local Y. M. C. A., according to the report of E. D. Yost, secretary. More than 8,000 boys used the privileges of the Y. M. C. A. during the first three months of the year.

In March a total of 531 boys met in 41 different club meetings, compared to 346 boys in 30 meetings in February. The Hi-Y clubs held 20 meetings, during the month, with an attendance of 284 boys.

Mr. Yost says that unusual interest is being shown throughout the city in the work for the boys. The association officials hope that the Y. M. C. A. will become the headquarters for all agencies and organizations dealing with youth. Much has been accomplished in this line for the past month. The equipment is adequate for any program desired, and it is believed that the association stands in a most strategic position to render this service.

Mr. E. D. Weiner, the boys' work secretary, is lining up his boys for camp. A site has been secured in Rockingham county for this season. It is thought that many boys will attend the camp under the leadership of Mr. Weiner and his co-workers.

S. W. PARR MAKES REPORT TO CHEMISTRY SOCIETY

Great Evils in American Life Are Being Produced by Standardization of Education

MEETS AT RICHMOND IN APRIL

"Great evils in American life are being produced by standardization of education," the Council of the American Chemical Society was told at Richmond, April 11.

S. W. Parr, professor of applied chemistry at the University of Illinois in a report on chemical engineering scored this present day tendency. He said, "The committee on chemical engineering is not in favor of setting up an approved list of chemical engineering schools." He declared also, that such a list was bound to result in discord, personal animosities, and worst of all have a tendency to stifle individual initiative, and standardize the teaching of chemical engineering throughout the country.

HORSES! HORSES! HORSES!

"Giddap, horsie, let's go!"
 "Let's check the drag first."
 "Drag nothing, we're gonna check the college and see the good-looking gals."
 "Ow, I'm fallin' off!"
 "Woa, Modestine, don't you see the light's red?"
 "Say, band, play us a tune."
 "Everybody come to the barn dance at the high school Thursday night at—"
 "Shut up! You yell so loud we can't hear you."
 Not an ordinary joy-ride of young people catching a little air—just a group of juniors advertising the Junior Barn Dance.

With the Aycock Cup and two state records in track, G. H. S. will begin to see what else she can do. Just glance to the right at the list of awards she has earned since her beginning.

ANNUAL GOLD BOOK DAY IS CELEBRATED AT G. C.

Girls Making Record for Scholarship and Good Conduct Signed the Book on April 11

REPRESENTS QUALITIES OF GOLD

The third annual Gold Book day was celebrated by the students of Greensboro College at a special chapel exercise on Monday, April 11, at nine o'clock. At this time the girls who had made a record for scholarship and good conduct signed the book and received privileges accompanying this honor. The book is called "Gold Book" because it represents truth, utility, beauty, and permanence, all of which are found in gold. Each girl pledges to follow these ideals as she signs her name. Miss Elba Hennenger, of the department of English spoke on "What the Gold Book Should Mean to Us as Students."

Gold Book day was founded three years ago by Miss Elizabeth Scarborough, students' president, Miss Laura Roberts, Y. W. C. A. president, and Jessie Thompson, Estelle Cherry, and Mary Liza Sutton.

The faculty and students assembled at chapel, Tuesday at 11:30 to observe founders and benefactors day. After a short musical program Rev. J. B. Craven, former president of Davenport College, and now presiding elder of Greensboro district, spoke on "Education and Life."

These two annual events are of great interest to the whole student body of Greensboro College.

SEMESTER SIX JUNIORS HOLD CLASS MEETING

Miss Wheeler Told of Advertising Plan to Ride Down Main Street Dressed in Farmers' Costumes

Semester six juniors had a short class meeting April 13 at chapel period to discuss a few things in connection with the famous frolic they are giving.

Dick Douglas, president, called the meeting to order, then turned it over to Miss Mary Wheeler, the faculty advisor. She told of ways of advertising that had been suggested. One was that of having juniors dressed in costume ride down main street in a wagon drawn by a horse.

There was a discussion as to what kind of drinks were to be sold at the frolic. Finally bottled drinks and pink lemonade were decided upon, and the meeting was adjourned.

Never kiss a girl and tell the world about it—she will.

"The stories will be given by different instructors in the city and by others who are especially interested in music."

A funny little man told this to me:
 I fell into a snowdrift in June, said he,
 I saw jellyfish float up a tree
 I found some gum in a cup of tea.
 I stirred my milk with a big brass key,
 I opened my door on my bended knee.
 I beg your pardon for this, said he,
 But 'tis true when told as it ought to be,
 For it only needs punctuation, as you see.

Bobbed hair to the right of us,
 Bobbed hair to the left of us,
 Bobbed hair behind us,
 Tresses asunder.

Some with a heavy mop,
 Some with a lighter crop,
 Into the barber shop,
 Walked the bobbed hundred.

Women of high degree,
 Women past fifty-three,
 Determined they shall be
 One of the numbered.

Some of them cook real swell,
 Some of them cook — well,
 Just as well not to tell
 On the bobbed hundred.

Catastrophe

As I stepped across the threshold
 I was hurled into space
 My teeth were in my stomach
 And my feet was in my face
 The walls were in the closet
 The ceiling on the floor
 Lead me to the dirty villain
 Who left soap upon the floor.

IT'S SOME JOB

Getting out a school paper is no picnic.
 If we print jokes, folks say we are silly.
 If we dont, they say we are too serious.
 If we publish original matter they say we lack variety.
 If we publish things from other papers, we are too lazy to write.
 If we stay on the job we ought to be out rustling news.
 If we are out rustling news we are not attending to business in our own department.
 If we don't print contributions, we don't show proper appreciation.
 Like as not some fellow will say we swiped this from another paper.
 So we did.—*Maroon and White, Gettysburg, Pa.*
