

# ATHLETICS

With at least four high school athletes in the running, competition for the McDaniel Lewis cup, awarded annually to the senior voted as the best all-around athlete, is the keenest in recent years.

While others are being considered, outstanding candidates for the cup this season include four boys who are well-known in high school circles all over the state for their athletic ability. Bob ("Moose") Campbell, captain and all-state football end, is one of the leading contenders. Besides roaming the gridiron for the Whirlwinds, Campbell has been a valuable performer on the basketball and baseball teams. Keith Fleischman, plunging fullback of the football team, alternate captain of the basketball five with Campbell, and a member of the track aggregation, is a bright prospect for the cup. Also very much in the running is Ed Langston, who teamed up with Campbell at end on the eleven, and went through an undefeated season to capture the individual state title in his weight during the past wrestling campaign. In addition he was captain of the mat team and one of the outstanding track performers. Julian ("Sug") McLean, football, basketball, and baseball star is also a strong competitor for the coveted cup.

Honored for his outstanding record during the recent schedule, Ed Langston, captain and state champion title holder, has been awarded the wrestling cup, after being selected as the most valuable performer on the wrestling team. The handsome trophy was presented to Langston by Oka Hester of the City Recreation Department.

R. D. Apple, lanky right-handed fireball artist of the pitching staff, was elected as captain of the 1937 Purple and Gold baseball nine by his teammates at the completion of the season. Apple, who played in the outfield when not hurling, received credit for eight of the Whirlwind's thirteen victories while he was doing mound duty. In addition to his fine pitching record, he batted near the .316 mark for the season.

Summer work will find the Purple and Gold athletic mentors in widespread fields. Bob Jamieson, athletic director, football, basketball, and track coach, will head the City Recreation Park at the battleground this summer. Tom Jenrette, wrestling coach, will also be employed by the Recreation Commission, serving in the capacity of adviser for the softball program. Two of the mentors will be seeking knowledge, as Mr. Stanley Johnson will be working on his M.A. degree at the University of North Carolina, while Frank Johnson will make further study on his Master of Education degree and will aid with the physical education program for the summer at Duke university. Howard Carr, coach of the linkmen, will serve as director for the Boy Scouts at Camp Greystone. Charles Kestler, swimming coach and assistant football mentor, will act as assistant business manager for the Concord base-

### This is a Rarebit

For a long time we have wanted to know the answer to Lowell's question, "What is so rare as a day in June?" At last we found out—the hamburger we got yesterday in the lunch line.

"I see you noticed that pile of wood in the yard."

"Yes, lady, I seen it."  
"You should watch your grammar. You mean you saw it."

"No'm. You saw me see it, but you didn't see me saw it."

## Half Holiday!

After many trials and no rewards, G. H. S. has at last succeeded in getting a half-holiday for the good attendance record of the past month. The holiday, which will come tomorrow, was due to have been observed last Friday, but owing to the election it was postponed. Mrs. Ruble announced that the students attained an average attendance of 95.04% for the past four weeks, only a small fraction over the 95% required to earn the half-holiday.

## STAMP CLUB HOLDS EXHIBIT IN LIBRARY

Varied Assortment of Collections Are Placed on Display.

### 3 PRIZES ARE AWARDED

The Stamp Club, under the direction of Miss Louise Smith, had a stamp exhibit Friday afternoon, May 14, in the library.

Those displaying their stamps were: Ben Smith, president of the club, who showed types of American stamps; Miss Louise Smith, who showed American Christmas seals; Arthur Johnson, an exhibitor of recent commemorative blocks; Hughes Davis, who had an exhibit of ten different unused Columbian stamps of 1893; Charles Andrew, who had a variety of foreign and United States stamps; W. A. Cline, whose exhibit consisted of sheets and blocks of recent commemoratives; Edwin Kaplan, who displayed all the United States souvenir sheets except the 1926 White Plains specimen; and Roy Leake, an exhibitor of types.

The prizes consisted of three unused stamps with a total value of 28 cents: a 1923 Harding memorial issue, a 1928 Valley Forge stamp, and a 1933 Chicago World's Fair 1 cent imperforate stamp. Because the judges were unable to be present, everyone exhibiting was given a prize.

Andy had just taken his Model "T" to a garage for some minor repairs.

"You wouldn't think it was a second-hand car, would you?" he remarked to the mechanic.

"Great Scott, no!" said the mechanic, "I thought you made it yourself."

## QUILL AND SCROLL AND TORCHLIGHT INITIATE

Both Torchlight and Quill and Scroll had parties last week for the purpose of initiating their new members. On Tuesday night, the Quill and Scroll group went out to the Police Club. Torchlight met on Friday night at the Y. W. C. A.

Dancing and games were part of the entertainment at both parties, but the highlight of the evening was the initiation of the new students.
