"Drummer Boy" on Display in Library

Whether he knows it or not, Mr. Ben Earl Looney is creating much excitement at Senior High school. Mr. Looney, art instructor at both Guilford and High Point colleges, was the creator of the almost lifesize picture, "High School Drummer Boy," now on display in the school library.

Throughout the day of its arrival. students have crowded around the painting to see if they can recognize the "drummer boy," and when they discover that the subject of the pic-ture is none other than Bill Barnes, they rush off to check up on the ap-

pearance of the "great model."

Although Bill had sittings for the painting at regular intervals for about a month, he explains that the picture is definitely not a portrait, but is representative of any high school band member.

Mrs. Hall has announced that the picture will be on display a week longer in order that everyone will have a chance to see it.
