

SPORT SPINS

with
IRWIN SMALLWOOD

FIRST OF ALL, before we get down to business, we would like to take this opportunity to wish the 1942 Purple Whirlwinds the best of luck in all of the games in which they will play—and win—this season, especially the one tonight with the Cyclones of Wilson.

The team will be lacking some very familiar faces when they take the field tonight, but you can rest assured that Coach Bob Jamieson will again turn out one of the best high school football teams in North Carolina and the South—if not the best.

THIS CORNER would like to hand out a word of praise to Coach Stanley (Jabbo) Johnson for his excellent job of piloting the City American Legion junior baseball team. His team did some brilliant playing, but was nosed out by the county juniors, coached by Block Smith, four games to three in a seven-game series.

YOU CAN REST assured that the football team this year will not be lacking of managers and assistants, for at the present there are five boys who are attending to the field house and taking care of the uniforms and the like.

The five managers are Cal Wray, head manager; Jerry Watson, first assistant manager; Ashton Kearney, Edmund Foster and David Swain.

IT WAS A BLESSING to the football team and a crushing blow to the band when Howard Morris, cornet player

Prospects for Net Team Not So Good, Says Mann

Maybe it is a little in advance, but unless some new tennis material shows up from some of the juniors coming to Senior high, or some of the seniors show some hidden ability, the local tennis team in the spring is likely to be of low calibre.

The graduating of such senior net stars as Emry Greene, Donald Garrett and Bill Cavan set Coach G. O. Mann wondering what was to happen when the tennis season rolls around next spring.

But don't give up, tennis fans. Among the returning netmen are Joe Coleman and a few others who were beginning to take an interest in the sport when the high school season closed last year.

Included among the prospects from junior high schools are Bill Mitchell from Central and Harry Miller from Gillespie. Coach Mann said that Mitchell was probably his best candidate for the third or fourth position on the tennis team.

er and football player coming to Senior high from Aycock junior high school, decided to stick to football instead of continuing with the musicians at Senior high. Morris is now a first-rate contender for guard on the first string of the 1942 Whirlwinds.

Well, the girls at Senior high finally have a gym to themselves. This addition to the girls' athletic department is a God-send, as nearly all girls at Senior are now taking physical education, and there would not be enough periods for both the boys and girls to use the main gym.

THIS CORNER WOULD not be complete unless we mentioned the fact that the Greensboro Red Sox, under the able direction of Heinie Manush, came through in true championship fashion, sweeping the last five-game series from Winston-Salem and clinching the Piedmont league pennant by the slim margin of two percentage points.

Whirlies To Encounter Raleigh in Second Tilt

The second spot on the Whirlwind's schedule this season goes, as it has for the past number of years, to Raleigh high, one of the co-champions of North Carolina last year. This encounter, which has in most all previous years been one of the Whirlies toughest, will again be a corker to see.

Although the Hurricanes were state co-champions last year, they went down in defeat before the hands of Greensboro, 13-6, and they will be out to avenge this if possible, when the two teams meet the 18th of this month in the capital city.

English 7 students began their courses with a study of early English literature.

Hutchinson Announces Tennis Tournaments

The boys and girls single elimination tennis tournaments will be played on the school and stadium courts at an early date. All entries are due in the hands of the athletic department by Monday, September 14.

Students may see Miss Doris Hutchinson, physical education instructor, and secure entry blanks anytime before September 14. Entry blanks should also be returned to her. All information regarding the tournament will be posted on the main hall bulletin board. Miss Hutchinson hopes to have a large number of double entries for the event.

Old Shop and Band Room Converted Into New Gym

The girls at Senior high school were affected in more ways than one when the new Technical building was erected and a new band room and shop constructed.

With the old localities of these two departments vacant, the officials at Senior high began planning and when school opened for the fall term last week, the numerous girls taking physical ed found themselves with a brand new gym with all of the advantages of the main boys' gym next door. No longer will the boys and girls have to take turns in using the same gym in the winter.

It is probably a good thing that the new addition to the Greensboro athletic department came when it did, as all boys and girls alike, except a few with certificates from their doctor asking to be exempted, are requested by the state to take physical education courses this year.

Plans for girls activities in the new gym include basketball, badminton, shuffle board, table tennis and many other indoor sports.

DeMolay Selects Officers; Choosing New Members

Concluding a 24 ballot election, the Greensboro chapter of the order of DeMolay chose Bobby Clark its master counselor; Bill Lambert, senior counselor; and Jerome Hyman, junior counselor at the last meeting.

The platform of the new officers, as explained by Master Counselor Clark, will include the enrolling of new members from Senior high and improving the fraternity.

Phyllis Johnson Elected Head of Girls' Athletics

Opposition

Phyllis Johnson, one of the most active members of the girls' physical ed classes last year, has been chosen as this year's president of the Senior high school girls' athletic association. It was announced by Miss Doris Hutchinson, head of the girls' sports department, in an interview this week. Phyllis will succeed Rachel Hilliard as head of the girls' organization.

Other officers of the club will be elected at the first meeting, slated to be held in the near future.

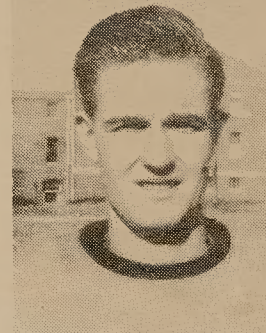

Miss Hutchinson declared that the primary purpose of the association was to promote the interest in girls' athletics and to further participation in them.

Sponsor Social Events

Last year the athletic organization for the weaker sex sponsored several social events, including a picnic at the Battleground and a week-end at camp.

Another purpose of the athletic club is to further the participation in after school girls' sports. Last year 20 per cent of the girls at Senior enjoyed after school sports and it is hoped that some day the percentage of participation will be 100 per cent.

Another feature of the G. A. A. is that it helps sponsor sports days all over the state, which many of the Greensboro delegates attend. Last year representatives from Senior high attended sports programs at Catawba college, Salisbury, High Point high school and Woman's college.

SHOWN ABOVE are Eric Felton and Wilbur Flowers, co-captains of the Wilson Cyclones, who meet the Whirlwinds in the season opener here tonight.

Girls To Secure Letters On 200 Point Basis

Girls who wish to earn a school letter may do so by earning 200 points in extra-curricular activities. These points may be secured in skating, archery, volleyball, basketball, softball and tennis. The program is carried on after school and is open to anyone who wishes to participate. As it is carried on intra-murally, it allows a maximum participation besides offering keen competition.

There are other awards after a girl reaches the 200 point goal and obtains her G. The following awards are given: 400 points—State letter G with N. C. inside.

500, 600 and 700 points—Star for each 100 points.

800 points—State pin bearing inscription N. C. H. S.

Any girl interested in the program should report to Miss Doris Hutchinson, girls physical education adviser.

Lenz Leaves Y. M. C. A. For Out-of-Town Work

C. V. Lenz, boys director of the Greensboro Y. M. C. A., will leave the city tomorrow for a job in Springfield, Ohio.

Lenz has been director of the H-Y clubs for the past two years and has made a great success of his efforts. He has been in "Y" work for 12 years and worked in five different states.

Lenz is the third member of the Y. M. C. A. staff to leave in the past six months. Others include Otis Belcher, director of physical education, and W. H. Newton, secretary. Lloyd Goodman of Central junior high school is replacing Belcher. Further replacements have not been announced.
