### High Life Reporter Interviews Lugosi

By TED WILLIAMSON

"Study, go to school, you must learn the fundamentals of acting if you are to be a success," was the advice given for anyone interested in acting by Bela Lugosi in an interview at the National theater Tuesday night.

Having just completed his performance in the current dramatic hit, "Arsenic and Old Lace," Lugosi was preparing to retire to his room in the King Cotton hotel when your reporter found him in his dressing room.

Lugosi, who is a native of Bavaria, a small state in Germany, was quite glad to grant the interview. He is, in appearance, the same Lugosi seen in the "Dracula" pictures (he used no make-up in them), but is inclined (fortunately) to be somewhat less forbidding.

Lugosi began his career in Europe after four years of study, in a dramatic school. He played straight parts, no horror roles, until he came to America. He was playing on the stage on Broadway when a Hollywood movie studio began searching for someone to portray the title role in the new play, "Dracula." He was offered the part and accepted it as his first moving picture role. Since then he has starred in many films but prefers the stage. "When I'm making a picture I'm at the director's mercy, but on the stage I have the audience in my hands," Lugosi explained.

Lugosi does not like the movies and never attend them. He plays in them only as a means of making a living when not on the stage. However, he thinks the horror films will not lose popularity, but may be replaced by the suspense movie.

### Seniors to Order Cards And Invitation Soon

"Between now and March 15 all seniors who want to purchase graduation invitations will order them at the Supply shop," announced Principal A. P. Routh in assembly last week.

This year's invitations will be similar to the standard engraved invitations issued by Senior high students for the past several years, but with some small change. Due to wartime restrictions on the weight of mail, only one envelope may be used instead of the two of former days, and the paper on which the invitations are printed will have to be lighter in weight.

The price of the invitations will be the same as before, five cents.

At the same time that they order their invitations, seniors will select calling cards, which are enclosed with the invitations.

Rev. Kenneth Goodson, above, will make the principal address at the Social Standards conference to be held here March 7. He is pastor of Muir's Chapel Methodist church.

### Plans For Teachers' Rental Library Made

Announcing plans for a rental library to be placed at the disposal of faculty members, Miss F. Sowell has made a request for Senior high teachers to lend books of general interest to the library.

Briefly, the faculty rental library will work like this: each contributing teacher will place her book in the box of Miss Sowell in the teachers' room. A card will be made out with the name of the teacher and the book, cards and books being placed in the teachers' room.

When a teacher wishes to check out a book, she puts her name and the date on the card. When books are returned, the returning date is put on the card, the rental money to the amount of 10 cents for the first three days and three cents for each extra day is dropped in the box.

Miss Sowell revealed that all books will be returned to the contributor in May, unless requested sooner.

### National Brotherhood Week Observed At Senior As Three Chaplains Speak

Maintaining "Brotherhood or Chaos" as its general theme, and completing a week of activities all over the nation, the national observance of Brotherhood week comes to a close today.

In cooperation with this idea, Senior presented an unusual chapel program last Tuesday. Three men, a priest, a rabbi and a minister, representing the three leading religions in America, spoke to the student body. Rabbi Rypins introduced the men, all three of whom are chaplains at the Camp Croft, S. C., induction center.

1st Lt. John R. Connell, Catholic, stressed unity of religions in keeping with Brotherhood week. "We are not free of guilt; there are plenty of evils in our own land," the speaker declared. He said that our country was not perfect when our forefathers drew up the Declaration of Independence,

nor is it perfect today. It is up to us to strive to make it the best that is possible. "We are fighting for a moral law," he added; "the freest man or woman is the one who binds himself by law."

Captain David M. Eichhorn, of the Reformed Jewish faith, illustrated his opinion of Brotherhood week by a story of three rings. His talk brought out the fact that one can always know the real religion by the way the people of that religion serve God.

Lt. Col. Harry H. Gregory, a Baptist, representing the Protestants, told the students that "War is a game." He revealed the fact that services of all religions are held in the same chapel.

Rev. Mr. E. H. Neese, of West Market Street Methodist church, spoke in chapel Tuesday before last.
