

Meyer's Junior World

(Second Floor)

By ANNIE BEN BEALE

VACATION

When school is out, everybody turns to vacations—to the beach, to the mountains, or just to stay at home. Meyer's Junior World has just the things for your senior vacation plans.

Suppose we speak first of the thrilling social cruise to be given by the Sea Scouts June 4. Every girl that plans to attend this big event should visit Meyer's Junior World and see the brand new shortalls, the newest thing

alls, just the thing you're seeking for this event, are only \$3.98.

GOING TO MEXICO?

If you're going to Mexico or just going to stay here, why not try a tiered skirt of Mexican print with match-made blouse? If you're the type for ruffles, you must see the plaid ruffles, gingham lampshade skirts. Either type of skirt is only \$3.98. What would look more adorable with skirts than a white cotton blouse? Popular this season? You guessed it!

"BEATING THE HEAT"

When we see Jean Milloway "beating the heat" this summer at Hamilton, she will have on none other than a candy striped jumper, which can be removed easily. Upon arriving at the lake, Jean will do a vanishing act and take off her jumper. Then there she is complete in shorts and skirt. This suit combination comes in candy stripe and flowered prints. These adorable suits cost only \$7.98.

We expect the crowd will gather at Jean Coble's this summer and they will wear shorts and shirts—comfortable, practical and pretty. These shirts are made of cotton gabardine and come in various colors, such as white, navy and brown. Again we suggest tee shirts for such an occasion. Shorts are very inexpensive at \$1.98.

PINAFORES

Pinafores are always popular with all girls. Ergo, a pinafore is the thing for a popular girl to wear. We imagine that's why Barbara Murray chose a chartreuse, black, white, and yellow plaid gingham pinafore for her club hayride. This pinafore has a darling low square neck, just made perfect by the addition of the large pockets and the buttons down the back. The square neck peasant blouses make this ideal for almost any outdoor occasion.

Well, good bye, Seniors, and good luck to you. Happy vacations to all!

Notion Counter

For the last time this year we poke our heads out of our comfortably padded cell in a corner of 311 to bring forth what we fondly hope is the latest dirt.

Louise Smith really has a way with the football team! For a while there was Bob Apple, and now it's Louis Shores.

Quite a steady foursome every weekend, aren't they? We mean Pete and Elmo and Sadie and Harold, of course.

And have you seen Martha Boggan and Henry Stout together? S'right!

A certain cheerleading cutie we know who also sings with a certain orchestra, and a certain footballer who's going to be president, have discovered each other, and everybody concerned is happy.

That lovely pink cloud Adger's floating around on can mean but one thing: must be love! The object of his affections sits near him in Latin and her name's Katherine.

Every day, at the end of fifth period, there's Bill Rickart, standing at the end of the second floor hall, jus' watchin' Alice as she walks toward the science building.

Remember, visit Meyers' Junior World for your vacation wardrobe. (Adv.)

Presbyterians Initiate Young People's Lounge

Members of the Young People's division of the First Presbyterian church have opened a lounge in the church school building where get-togethers are planned throughout the summer months. All senior department students of the church are honorary guests, but they are invited to bring two persons from the high school crowd.

Designed especially for recreation, the lounge includes two table tennis tables, a snack bar, a pool table, card tables, a radio and a record player. In addition, the room is equipped with beautiful curtains, large aircraft photos and many comfortable chairs.

George Bryant heads the governing committee which includes Harold Schiffman, Jean Barry, Yancey Culton, Maude Taylor, Bill Bogart and Jim Brown. Their duty is to act as a steering committee for the group.

Further information may be secured from any Senior high Presbyterian church member.

Paul Miller Writes From South Pacific

From the jungles of New Guinea come congratulations to High Life from a former editor, Paul Miller. In a letter to the journalism adviser recently, Miller said that, in spite of the air raids and heat on that lonely jungle isle, his thoughts turn back to his days at Senior high.

"Though I have been away from High Life and good old Senior high for a long time, believe me when I tell you that many times I have revisited the old place in my thoughts. I learn to appreciate high school days more every day. I guess that it is true that one never fully appreciates his friends and the little things of life until he has them taken away from him."

Congratulations, Seniors!
