## 'LOFT' ELECTIONS SET FOR TOMORROW

### 'The Inner Willie' To Be Presented For GHS by Dramatics Club, Feb. 27

"The Inner Willie" a comedy in three acts, will be presented at G.H.S., February 27, by the Playmasters.

The play concerns Willoughby Adams, a well-behaved boy of sixteen, played by Jimmy Richards. He has been given a "beautiful and sheltered life" by his three maiden aunts; and Willoughby's conscience or "inner-self"—the "Inner Willie," played by Zack Piephoff. Inner Willy appears in a "berp" to help "aunt-pecked" Willy gain the courage to ask the girl of his choice to the school dance. The fun begins when Willy aided and

a little confused by Inner Willy, tries to summon the tact and courage to tell his aunt that he wants to invite Carol Martin, played by Betty Jean Pope, to the dance, instead of the girl next-door, whom the aunts have selected for him to take. Things are further complicated when Willie learns that Carol is going steady. In addition to helping Willy along with Carol, Inner Willy also decides that it is his duty to help Willy rebel against such things as cod-liver oil and turnips.

Parts of Willy's aunts, Aunt Hester, Aunt Alfa, and Aunt Louise, will be taken by Jean

Klutitz, Martha Walker, and Nancy Ferris. Gail Schaffert plays the part of Marybelle Turner, the girl next door; and Fred Price plays Stanley Clark, a tough guy who is Carol's steady. The part of Mike—Stanley's friend will be played by David Breedon. Sixteen year old twins, Janet and Frudy Marshall will be characterized by Nancy Lowder and Betty Jane Thompson.

Both afternoon and night rehearsals have been planned. Rehearsals began last Monday afternoon. The production is under the direction of Mrs. Grace B. Wilson, advisor of the Dramatics Club, and Larry Lambeth, assistant director.

### Stadium Drive Ends With Success; \$151,134 Raised for Structure

Month-long drive to raise funds for the building of a Greensboro high school football stadium ended last December 31 with \$1,134 over the set goal of \$150,000.

Those citizens who purchased stock in the stadium will be paid in full from gate receipts once the stadium is in actual operation. An official tabulation shows that a total of 581 persons bought shares of stock of \$100 value, which amounted, at the close of the drive, to a sum total of \$151,134. Active participants in the drive were C. C. Wimbish, Chairman, John Sockwell, Chairman of the Greensboro Touchdown Club, and Bob Jamieson, Athletic Director of Greensboro high.

Topographical maps pertaining to the contour of the field have already been drawn up under the supervision of the corporation, and the plans of the Bowman Gray Memorial Stadium in Winston-Salem have been reviewed in hopes that some suitable plan of construction can be found. The high school was closely examined by the group.

Bids by local construction companies to build the stadium have already begun, but as yet have not been decided upon. It is doubtful, however, that actual work will be started before the latter part of March, or at the latest, the first part of April. Completion of the stadium is hoped to be reached in time for the opening of the high school football season next fall, which would be September 1.

### No Money Taken During Break-In

Evidences of malicious petty thievery done in the offices, library and class-rooms of G.H.S. during the weekend of Dec. 27, were discovered by A. P. Routh, Monday, Dec. 29.

Mr. Routh stated that the thieves apparently were looking for money, and in their search for it through the offices and library, broke open locks to several desks and did other damage. Since all school funds are kept on deposit in the banks and no money is kept in office or library, the purpose of the thieves was not accomplished. However, they are believed to have taken several articles from the Lost and Found Department.

### French Classes Will Send Clothing Abroad

Miss Estelle Mitchell, head of the language department, has announced the imminent shipping of packages of clothing from Senior to La Bresse, France. The clothing was collected by all French classes and is being shipped by Miss Mitchell as soon as possible. These Friendship Packages are packed into either 11 or 22 pound bundles and shipped directly to France, the trip taking three or four weeks.

La Bresse is a small village of three or four hundred situated in the Vosges Mountains. The climate

of these mountains, which are on the border of France and Germany, is, from January to May, roughly comparable to a Vermont winter. In fact, the average temperature, summer and winter, in Epinal, a valley town, is only 49.

Miss Mitchell stated that she chose La Bresse from the names she had because of both its very severe climate and the fact that when the French Alliance in Greensboro, of which Miss Mitchell is a member, sent supplies to La Bresse, their prompt reply indicated that the packages had gotten through quickly.
