

"Blue Shorts"

By Betty McCraw

Time has come 'round again to let you in on the feminine side of sports . . . there are no "kicks" coming these days because the weather is fine and those chilly, windy days are a thing of the past. (Those short, blue, gym suits bring many whistles from the wind around the corner of the girls' gym.)

Not needing any introduction at all are the newly elected officers, for all of these girls are outstanding in the girls program. Won't keep you in suspense any longer—the newly elected president is Carole Williams, with Barbara Parker as vice-president. Filling the offices of secretary and treasurer is Janice Richmond, while Ann Allred is serving as points chairman. Many congratulations to all of you and wish you a wonderful coming year. Good luck again, gals.

There are quite a few sophomores who are taking physical education this year and are also going out for all after-school sports. From Aycock Junior High School comes Elva Slate and Cam Hunt. They are both fine "sportsters" who played basketball, softball, and soccer at Aycock, and they are going out for all sports here at Senior High School. From Lindley comes Harriet Vaughn, who played soccer, softball, and basketball, and will enter those same sports here. From Central hails Kenan Neese, who also played the three top sports, basketball, softball, and soccer. She will go out for all sports here at Senior High School. Again gals, wish you a wonderful coming year and the best of luck!

It is never too late to give up our prejudices.—Thoreau.

Outstanding '48 Alumni To Enter Vocations of Their Own Choice

As another year rolls around, we begin to wonder just where that last group of outstanding feminine "sportsters" are and what they are doing. Their names still linger in our memories. To ease your curious minds, we have found out the whereabouts of a few of the outstanding girls who have just gone out into the world on their own. Following is a list of these fine girls:

Soccer Games Planned With High Point Girls

In the girls physical education program, there are many extra events to hold one's interest. Every year there is an intramural program to be carried out. In this program is included the District High School Play Day at Womans College. The girls who go out for after-school sports are also eligible for this event.

This year, as a result of a very fine director, there will be interscholastic soccer games with High Point and Curry. Miss Gabriel is hoping to play one game here and one game away with these teams if it can possibly be arranged.

Sharon McQueen and "Mac" Carter—now taking a one year commercial course at Womans College. Barbara Hunter—working for Pilot Life Insurance Company. Jerry Fletcher—training to be a nurse in Chicago.

Betty Jean Muse—working at Pilot Life Insurance Company. Julia Ann Ogletree—training to be a nurse at the Mercy Hospital in Charlotte.

Mary Ann McGee—working in the office at Sears. Clara Stanley, Frankie Vaughn, and Barbara Richardson—are just loafing as USUAL (Happy Landing, Gals!)

Maybeth Loman—married and is now in California.

We find quite a variety in this list, but they are all fine girls and may they have the best of luck in whatever field they may enter.

Personalities
