Students Are Given Scholarship Exams

Five students from the local Torchlight chapter of the National Honor Society gathered Tuesday morning March 18, 1952 to take a General Aptitude Test which if passed with high enough grades would yield most helpful scholarships.

Eligibility rules require that the candidates be members of an active and authorized chapter of the National Honor Society, and those members who will graduate and be admitted to some accredited college between September 1, 1951, and September 1, 1952. Those students of the local chapter and who were chosen by their fellow members to represent Greensboro High School were: Bain Alexander, DeArmon Hunter, Richard Ledbetter, Ann Wrenn, and Steve Leonard.

If a scholarship is won by one or more of the candidates he or she may use the award for any fees that the college requires with the same classification as scholarship winners, such as tuition, lab fees, gymnasium, etc. In addition to the fifty-five moneyed scholarships there is one travel scholarship to Brazil, expenses paid. The trip will last for several weeks during the summer of 1952.

A scholarship Board of five nationally known school administrators for the National Association of Secondary-School Principals and the National Honor Society will administer the scholarships. The fund is largely provided by the L. G. Balfour Company of Attleboro, Massachusetts and the Josten Company of Owatonna, Minnesota as a public service. The winners will be announced around May 15, 1952.
