**Shiblie and Koury Lend International Flavor**

I wonder how many of us know that we have, in our midst, two transfer students from foreign countries. Shawki Shiblie, who is a sophomore in our school, was born in Jerusalem. Joe Koury, a senior, has just returned from a five-year stay in several countries.

Shawki lived in Jerusalem until he was 12 and attended grammar school. From there he moved to Beirut, Lebanon and then to Syria. His father had been in Washington, D. C. for about 11 years when he sent for Shawki, his mother, and his brother, leaving their married sister in Jerusalem.

When Shawki came to the United States about three and a half years ago, the only English words he knew were yes and no. He now speaks English very fluently, although his mother still speaks no English at all. In addition to English, Shawki speaks Spanish, Greek and Syrian.

The Shiblie family moved to Greensboro because Mr. Shiblie liked the South and Greensboro especially.

Shawki likes Senior High and the students and thinks that they are very friendly. In fact he says, "I like the South better as a whole because the people are much more friendly here than in the North."

Schools Different in Jerusalem  
 "The schools in Jerusalem are very different from the schools here, in that over there they are much stricter. The boys attend one school and the girls another," Shawki stated. He also said that teen-agers in the United States have much more freedom than in Israel. There, no high school-age boy has a car. The teen-agers start dating at the age of sixteen or seventeen. When asked about American girls, Shawki answered, "American girls are the prettiest girls in the world."

Shawki's favorite foods are hot dogs and hamburgers, although he doesn't particularly care for American food.

Shawki plans to finish his schooling by going to college. He wants to make his permanent home here but hopes someday to return to Jerusalem for a visit.

**Koury's Travels**

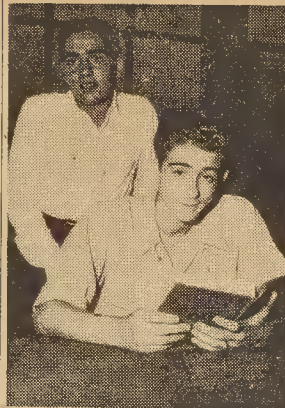

Joe Koury, who is a world traveler at the age of 17, has traveled through Egypt, Greece, Italy, the Island of Malta, Portugal and Canada.

He lived here in Greensboro until he was twelve, and then moved to Beirut, Lebanon, where he attended the American University of Beirut, a Junior college with about three thousand students. Joe stated that the school in Lebanon was quite different from Senior High in that it is much more difficult and the students have no choice in the subjects that they want to take.

Joe tells us that the people and customs in the cities of Lebanon are quite similar to the customs and people of the United States. The people in the mountains there are still backward.

While in Beirut, Joe learned Syrian and can speak it very fluently. He also has a speaking knowledge of French, Latin and English.

Joe ended his world tour this past summer and plans to stay

Here are two newcomers to G.H.S. Seated is Joe Koury, a senior, from Lebanon, and standing behind him is Shawki Shiblie, a sophomore, from Jerusalem. We wish to welcome these two newcomers and all the other newcomers to the hallowed halls of good ol' G.H.S.

here in North Carolina and attend the University of North Carolina when he graduates from high school.

**Ellis Stone Super Snooper**  
 By Dottie Crews

Have you noticed the lucky people who adorn our halls with their luscious cashmere sweaters every day? Yes, these beautiful sweaters are always tops in style and good taste. So when you decide to buy your cashmere, why not go to Ellis-Stone and see their colorful array of sweaters in every size? They are priced from \$15.95 to \$22.95. Girls, they're really gorgeous and if you don't believe me, just see Dottie Crews in her baby blue cashmere by Hadley. It's a real beauty. They have styles to compliment every figure; the short sleeve or long sleeve pullover and the always popular cardigan.

If it's a fall or winter coat you've saved your money for, then I'm sure you will enjoy looking over the large variety on hand at Ellis-Stone. With practically the whole football season ahead of us, everyone will need a warm coat to keep out the ill winds. At Ellis-Stone they have just the coat you're looking for, made by Boucle'. It is made from iridescent poodle cloth which gives that soft two-tone appearance. And, of course, the stylish girl will want a coat with the adjustable cuff, the dolman sleeve, and the new club collar. These coats are priced from \$49.95 to \$69.95.

If you girls are like me, you'll need to fill out your wardrobe with several pairs of socks. Ellis-Stone has a wide selection in all sizes. The ever-popular Bonnie Doon crocheted sock is priced only \$1.00 per pair. And for lounging around the house, I'm sure you'll enjoy a pair of comfortable scuff's which come in every design at \$1.95.

While I was snooping around in Ellis-Stone, I came across the collar counter. Betsy Walker will be glad to show you the assorted variety of collars in several styles. Some of the most attractive ones to help dress up that new sweater and skirt are the little Peter Pan velveteen collars in red and black. They are a real buy at only \$1.95.

Tucker also puts out a very unique reversible collar in white with a little pin on the side to dress it up.

Well, that's all for now. See you next issue folks!
