In assembly Tuesday, the combined offices of the Girls' Glee Clubs presented a musical program, under the direction of Miss Eula Tuttle.

President of the first period club, Ann Alexander, announced the songs and the special numbers. The first period glee club is composed mostly of seniors while the second period class has a majority of sophomores and juniors.

Featured on the program was Sandy Tucker, who played a trumpet solo accompanied by the chorus. The "Queen's Men" sang two selections of popular nature.

The choruses opened the program with "Prayer Perfect" and this was followed by another sacred number, "Jesus Lover of My Soul", and "He Watching Over Israel."

On the lighter side of the program, the choruses sang "Sweet and Low" and "Loveliest Night of the Year". They added a patriotic number "This is My Country."

Another feature on the program was Tommy McDonald singing "Because" and "Answer Me, My Love."

This was the annual appearance of the glee clubs at the school. In March, the glee clubs will represent the school in the state music contest held in High Point.

Rogers Addresses Nature Study Class

"How is your wildlife I. Q.?" was the question asked at a recent meeting of the nature study class by Dr. Hollis Rogers, assistant professor of botany at Woman's College.

Dr. Rogers then flashed approximately 55 color slides of snakes, leaves, birds, butterflies, and wild flowers to the members of Mrs. Nellie Blackburn's class.

"I consider myself one of the few people who make a living at recreation," he said.

Dr. Rogers, who was introduced by Joe Clapp, gives numerous talks from time to time. He teaches some college students, but the majority of his pupils are graduate students. Aside from these outside talks, he is also president of the Piedmont Bird Club.
