

# Whirlie Wimmin'

BY BOOTSIE O'BRIANT

For several years the girls at senior have been trying to organize a girls' golf team, but for some reason or other just never got around to doing it. This year, though, it looks as if our dreams just might come true. Because of the intense interest shown, Miss Gabriel called a meeting of those who would like to participate in competing with other schools in the state. She has also written to those schools for their opinions.

Girls basketball got underway with twenty-five girls out to the first practice. This year's schedule will include games with Gray High in Winston-Salem, High Point and Curry High in Greensboro. The Whirlettes will play High Point in High Point on January 11 and again in Greensboro on February 8. The remainder of the schedule has not been completed.

The following girls in Miss Gabriel's physical education classes have completed the standard first aid course and have received certificates for their work: Mary Alala, Kay Crutchfield, Nancy Doggett, Ashton Edwards, Patty Everage, Hilda Halthcock, Peggy Holmes, Marjorie LeRoy, Martha Jean McFarland, Kathryn Ozment, Nona Lee Routh, Betty Sink, Sylvia Stanfield, Norma Strange, Carol Underwood, Becky Walters, Josie Ward, Diane White, Maureen Stewart, Marcia Patton, Sylvia Black, Sylvia Boggan, Jane Cashion, Connie Cox, Shelba Creed, Georgia Curtis, Carlyn Davis, Pat Gilley, Margaret Jessup, Phyllis

# Glancing At The Whirlies

BY HUGH PRICE

C. W. Bolling: 6 feet 2 inches. C. W. is one of the main contenders for forward in case we loose one of the boys now playing. He's a senior and he likes to collect things concerning baseball. One day he thinks he might go into professional baseball. He played first string outfield last year and will be a big asset to the team this year. Civil Engineering is another interest which he might pursue at State or V. P. I.

Norman Odyneic: 5 feet, 10 inches. Norman is one of the best all around athletes at GHS. He played first string baseball and football and made a very brilliant record for himself this past season in football. Notre Dame is his college interest, and he wants to

study to be a priest. Norman plays guard and it is his job to keep the opposite team's shooting at a minimum.

Lawrence McCranie: 6 feet 1 inch. Lawrence has played a spectacular game of ball this year. His average is over 20 points. He is sure to be one of GHS's better players. He hopes to go into professional basketball and after a few years as a professional basketball player, he wants to go into coaching.

Frank Jones: 6 feet. Frank is a senior and one of our best basketball players. Everyone is hoping that he will stay eligible for the whole season. He is a guard, and it is his job to set up the plays and assist the forwards.

Banks Ritchie: 6 feet 3 1/2 inches. Banks plays center and his height gives him a considerable advantage. His hobby is hunting and fishing. Banks is a senior and Engineering is his interest. He wants to go to Duke or Carolina. Banks played first string end in football and pitcher in baseball. He plans to play ball in college.

## Grad Gab

Martha Jester has recently been elected treasurer of the Freshman Class at Woman's College. She was a member of last year's graduating class, Barbara Massey, also a graduate of '54 has been selected to join the Wake Forest debating team for a debating tournament at New York University. Barbara is the only freshman on the team with the other members in their senior year.

Listed in the 1955 edition of the Who's Who in American Colleges and Universities we find one of Senior graduates of several years back, Mary Lee White, who is now a senior at Greensboro College. Selection was made by the college faculty on the basis of academic standing, leadership in extracurricular activities, and promise of future usefulness.

Sue Pdrdom who graduated in '50 is now teaching the second grade in Augusta, Georgia. She was married August 23 to Bo Arnold. A member of our last year's graduating class has obtained the highest grades at Penn Hall for her first semester. The very worthy person is Barbara Jamieson, who is also president of her class.

Hope everyone has a very Merry Christmas, and if you see any "grads" during the holidays, grab a little gab!

## Key Club Announces No Tree This Year

For the past four years the Key Club has placed a Christmas tree which has reached the ceiling in the main hall of the administration building for the last week of school before the holiday, but this year the Fire Prevention Bureau has asked the public schools' officials not to allow flammable decorative material to be used.

Due to the crowded conditions in our public schools the Fire Prevention Bureau has asked all principals and teachers to take extra precautions with the decorating materials this Christmas. A city ordinance restricting the use of highly inflammable materials for decorative purposes in public has been passed.

R. B. Arthur, president of the locally-sponsored organization, has expressed his regrets of not being able to continue the annual custom.

Projects undertaken this fall have been the editing and distributing of the student-faculty directory, selling tickets for the Navy Band concerts, and getting the victory bell and having a stand made for it.

Officers of the Key Club are R. B. Arthur, president; Don DeSanto, vice-president; Johnny Jester, secretary; and Bob Cowan, treasurer. The Kiwanis adviser to the 22 boys is Mr. Guy Simpson.
