By Mary Jane Seawell

GHS is going to lose some valuable players when the graduating class of '55 leaves. The three most outstanding players from this year's class who will be leaving are Jenell Edwards, Lucille Yow, and Pat-sy Traugher. All three of these girls have participated in almost every sport since they have attended Senior. They have been a real asset to the teams on which they have been members. Good sport-manship has been only one of their many fine qualities.

The phys ed girls are planning a swimming party for May 23. This gathering is being held in honor of the new members of the Athletic Council, at the High Point Lake. The new members were announced as the following: Vicki Stewart, Cynthia Burley, Bobbie Tice, Shella Creed, and Kathleen Satterfield, all rising seniors. Also in the new group are Lynn Rankin and Joy Brown. These new members will help compose the group that will serve on next year's Athletic Council.

## The Bookworm

By Pat Frazier

Do you know how many tables and chairs are in the library? Don't think you are dumb if you don't know the exact number. I don't either.

Such information is recorded on a school library report which has to be filled out by Miss Mildred Herring each year. On this report Miss Herring is required to list the finances of the library during the 1954-1955 school year. She makes a report of the audio-visual materials, such as the films, film strips, the tape recorders, and the record players. Miss Herring also has to make a record of the number of books lost, discarded, added, and the number of books on hand in the library. This and other information about circulation of books, the files, the card catalogue, the encyclopedias, and the intake and circulation of magazines is recorded.

In order for this report to be filled out accurately and completely all books have to be in the library by May 20. After these books are turned in, they are put on the shelves and a complete inventory is taken. A record is made of lost books for the report to be sent to Raleigh.

A great deal of time is spent taking this inventory and all this work is done after the books are turned in. For this reason 25 cents a day per book is charged to students who have books checked out after May 20. This is done with the hope that the books will be returned, so that the work on inventory can begin as soon as possible.

Since all books are due today, we hope that you have returned the ones you have checked out. If you are practicing the privileges of a good citizen, your books were probably turned in before today. If, however, you are very forgetful, a little slow, or have just come across an extra book in your locker, we hope you will bring it by the library before 4 o'clock this afternoon.

Miss Herring, Mrs. Ayers, and the entire library staff would like to wish everyone of you a very pleasant summer. We realize that you will probably be very busy all summer with picnics, swimming parties, summer jobs, and other activities, but we hope that you will take time from these to read. Remember, much can be learned from reading books that cannot be learned from lectures. HAVE A WONDERFUL SUMMER.

The Sigma Chi fraternity at UNC has elected Brother David Brown to head their chapter as president for 1955-56.
