

GHS Social Organizations Plan For Projects, Socials

By Nancy Tuttle

The **BELLETTES** initiated their new members, Judy Boyd, Nancy Brady, Peggy Earle, and Nan Hedrick, at the Gastonia basketball game. For their February project, the girls will sell doughnuts. They are now planning their spring formal.

Initiation of the six new members of the **SIGNETS** Club took place last Friday night in front of the Center Theater. The girls were dressed as "hobos" and carried their supper in a kerchief which was tied to a long stick. The initiates ate their supper while seated on the sidewalk. Members of the club are planning to help in the March Heart Fund campaign.

A Plantation supper party has been planned by the **LSP's** for the last of February. These girls helped in the Peanuts for Polio Sale several weeks ago.

A worthwhile project has been undertaken by the **SYITT** Club. The group is helping a needy family; a widow and her three small children. At their last meeting, the boys collected clothes to give to the family and are now selling napkins to help pay the family's food bill.

Making plans for this year's and next year's projects are **Y-TEENS**, who have been very active

this year. Recently junior and senior girls who were interested were invited to join. There are two regular business and program meetings a month, one dinner meeting and an officer's meeting. Some social activities are planned for this year. Since the **YWCA** has been renovated, it is a grand place for these activities.

The **G-30's** met last week at the home of Bobby Johannesen on Scott Avenue. An attendance campaign was put into action by the members in an attempt to have 100 percent attendance at the remaining meetings this year. Club members also discussed the coming social which will be sometime during the next month.

Mrs. Herbert Hazelman To Address FTA Club

Mrs. Herbert Hazelman, a local teacher and wife of Seniors' band director, will be guest speaker at the spring meeting of Future Teachers of America on March 22.

Carolyn Paschal, program chairman of the club, says that the meeting is to take place in the library during seventh period. At present there are no definite plans as to the remainder of the program, but Carolyn hopes to have FTA members who are in the choir provide entertainment.

Mrs. Hazelman is a seventh grade English teacher at Lindley Junior High School. Last year she was selected as the teacher in Greensboro who is doing an outstanding job in furthering the way of life in school. For this she was the first teacher to receive the Greensboro, Industries Dr. Franklin McNutt award. Mrs. Hazelman plans to speak on "Teaching—Its Advantages and Disadvantages."

Each year the club has a teacher who is outstanding, as well as notable to speak at the spring meeting. "We are quite fortunate," says Carolyn, "in having Mrs. Hazelman as our speaker. Not only is she outstanding as a teacher, but also as a speaker and civic leader."

FTA, a club of approximately 160 members, is presided over by Shirley Smith. Other officers are Jackie Mable, vice-president; and Kay Kuykendall, secretary. Miss Lucille Browne, guidance director, and L. W. Anderson, assistant principal, are co-advisers of the club.

Herford and Groome Profit at Boys' State While at Chapel Hill

"Hello, Judge Herford."

Senior Bob Herford has been deserving of that title, since this summer when he was elected Supreme Court Chief Justice at Boys' State.

Bob, student body vice-president and Houston Groome, president of the student body, represented GHS at Boys' State, which convened at Chapel Hill, North Carolina last June.

Both boys were members of the Federalist Party. Houston ran for Governor, and Bob was elected Supreme Court Chief Justice.

Approximately 400 leaders from various North Carolina high schools attended the convention, the purpose of which was leadership training.

The boys attended 22 lectures given by outstanding government officials. Among these were Thad Eure, Secretary of State, and Edward Sheidt, commissioner of Motor Vehicles in North Carolina.

As Judge Herford says, "It was the craziest political I've ever seen."

"It was just about the most wonderful trip I've ever been on. All the boys were outstanding, and about the friendliest I've ever seen. I feel that I can say for Houston and myself, that we derived a great deal from the training we received there."

GHS Swimming Team Gets Championship

(Continued from Page Four)

Tom Hudgins, second in the 200 freestyle; Dodson, third in the 150 individual medley; and the freestyle relay team, second.

Team scores were as follows: Greensboro, 70; Granby of Norfolk, 51; Raleigh, 40; Chapel Hill, 23; Druid Hills, Decatur, 12; Myers Park, Charlotte, 16; Wilmington, 11; Marist, 4; East Knoxville, Tennessee, 1.

The trophy from this meet is on display in the front hall trophy case.

THE BOOKWORM

New Books Attract Much Attention In Senior High School's Library

BY JACKIE HENDRIX

One of the books best attracting the attention of the boys is **Pictorial History of the Automobile** from 1903-1953 as seen in Motor Magazine. It is one of the most interesting books we have had for some time.

And now for a brief comment or so about some of the other books. **The Reason Why**, by Cecil Woodham Smith, tells the unusual story behind one of the most fantastic blunders in military history—the terrible and tragic charge of the famous Light Brigade during the Crimean War. **Dead and Gone**, by Manley Wellman, a Chapel Hill, North Carolina author, tells of the classic crimes of North Carolina. **September Monkey**, by Induk Pahlk, is exciting and very stimulating reading by a Korean woman who relates true stories of the centuries—old traditions and customs of the old and new Korea.

Bible Club Members Hear Barnes Speak On Religious Subject

Reverend Jack Barnes, pastor of the Moravian Church here in Greensboro, spoke to the Bible Club last night on the subject "Putting the Bible and Religion into Everyday Practice."

The monthly dinner meeting of the club took place at the Mayfair Cafeteria, where Patsy Ray, president of the Bible Club, presiding over the meeting. This was the first meeting of the club this semester.

The March meeting will be a week before Easter at the Mayfair, and the program will be the movie "King of Kings," which is a silent film telling the story of the life of Christ.

On Monday, February 13, the Bible Council met at the home of Mrs. Edna Earle Randolph, adviser to the Bible Club. Members of the Council discussed future meetings and projects to be undertaken by the club this semester.

Projects discussed were for the club to contribute some playground equipment to a Negro kindergarten in a housing project here in the city, and to give an Easter egg hunt for the preschool age children of the kindergarten. Also suggested were visits to the polio hospital and to the county home for the aged.

Present at the meeting were Patsy Ray, president; Lina Hendley Farr, vice-president; Ann Hudson, secretary-treasurer; Bobbie Tice, projects chairman; and class representatives, Laura Little, David Plyler, Pat Clark, Larry Harris, Ann Wilson, and Jim Martin.

ing the Crimean War. **Dead and Gone**, by Manley Wellman, a Chapel Hill, North Carolina author, tells of the classic crimes of North Carolina. **September Monkey**, by Induk Pahlk, is exciting and very stimulating reading by a Korean woman who relates true stories of the centuries—old traditions and customs of the old and new Korea.

Graveyard of the Atlantic is David Sticks' true stories of the shipwrecks off the North Carolina coast. In **Two Eggs on My Plate**, Oluf Olsen relates his part in the Norwegian Underground during World War II. For eighteen long months he played a desperate game of hide-and-seek with the Germans in his homeland while spying for the allies. Mary Pickford, the beloved actress, calls the story of her life **Sunshine and Shadow**.

James Stevens has described most vividly the true changing appearances of the aeroplane in his **The Shape of the Aeroplane**. He has actually drawn a profile of design and construction of aircraft from the first inventions to present day jets. **Famous Airports of the World**, by Ansel Talbert, describes the variety of jobs done by airfields from early history to date.

A Treasury of Hymns, with words, music, and illustrations is truly a lovely book. Many of the best-loved hymns, carols, anthems, children's hymns, and gospel songs are included in this collection.

The Deliverance of Sister Cecilia is a thrilling story of a heroic nun and her escape from the Communists as she told it to William Brinkley. Sister Cecilia was asleep when the Communists came to take her because of her work in helping others to flee from the communists.

Arctic Doctor, the autobiography of Dr. Joseph P. Moody, medical health officer for the Canadian East Arctic, is a very unusual story. His work was like no other in the world. From his bleak headquarters at Chesterfield Inlet, ice-bound seven months of the year, he had to keep his finger on the pulse of some 2,000 patients, mostly Eskimos, ranging over 600,000 square miles of frozen, wind-swept wilderness.

The Speaker's Handbook of Epigrams and Witticisms contains over 5,000 literary quotations, maxims, proverbs, familiar phrases, and unusual expressions to delight the public speaker's audience.

Most of the titles in this latest collection of new books are non-fiction, but a few good books of fiction may be found. **The Dawning of the Day**, by Elizabeth Ogilvie, is a very dramatic novel of mature love. **Homecoming** is the story of a Norwegian girl, who dreamed the American dream.

Eighteen Students Take Driving Course

Eighteen new students are now taking the Driving Training Course that is offered here at Senior.

The course consists of 30 hours in the classroom, 30 hours in the training car and 10 hours behind the wheel training.

The present course ends March 9, 1956 and there will be 2 more classes this year.

The students taking the course are Ruth Myrick, Melvine Angel, Judy Lea, first period; Barbara Quakenbush, Linda Myers, Connie Daniel, second period; Liz Hodgers, Janice Nall, Bessie Kokinos, third period; Ann Bolding, Ronda Dandliker, Doris Ruppe, fourth period; Miles Frost, Bill Hanling, Larry Edwards, fifth period; and Kenny Garner, Bennie Lee Rainey and Bobby Boner last period.
