

Connie Gorsuch Is Victor Of Many Tournaments

Seventeen-year-old GHS senior, Connie Gorsuch, spends much of her time on her hobby, which is playing golf.

Connie has held the title of Greensboro Amateur Woman's Golf Champion for the last two years. Several days ago she competed at the Starmount Forest Country Club Golf Course for the Piedmont Woman's Championship.

This, according to Connie, is her biggest win to date. She competed with approximately 52 women from all over the Piedmont section of North Carolina and emerged winner.

Most Exciting Moment

Connie thought the most exciting moment in the match came when "I made an eagle on the seventh hole." Since she was in the last match Connie had no idea she had won until after she had eaten lunch. "It was a nice feeling to have the winner's trophy handed me."

Although Connie has won approximately 20 first and second place trophies, the match that has meant the most to her was her first tournament, the North Carolina State Woman's Championship, which was held in Burlington. Connie was the youngest to ever qualify for this particular event.

In 1955, she went to the semi-finals in the Championship Consolation at the U. S. Girls' Junior Championship Tournament in

Florence, S. C. Prior to playing in Florence, Connie participated in this same tournament in 1953 at Brookline, Mass., and at Philadelphia, Pennsylvania in 1954. This past summer she played in the Girls' Juniors in Toledo, Ohio, and next summer Connie hopes to travel to Denver, Colorado for the golf tournament. She has been issued the invitations to participate in the Girls' Junior Championships by the U. S. Golf Association.

Youngest Invited

Connie has played in matches in Pinehurst, North Carolina, where at 13 she was the youngest ever to receive an invitation to play in the North and South Woman's Amateur.

She was runner-up in the North and South Carolina Girls' Juniors in Burlington this past summer. This same year we find Connie in Huntington, West Virginia for the Women's Western in which she was runner-up in the first flight.

Connie began playing golf as a hobby when she was 12 having received her first clubs as a birthday present. Preceding her start in competitive golf Connie met her ideal, the late Babe Zaharius, at the Starmount Forest Course.

Parents Enthusiastic

Even though neither Mr. nor Mrs. Gorsuch plays golf, they are enthusiastic about their daughter's matches. "They think it's fine," Connie comments. Connie's nine-year-old brother has followed in her footsteps as far as golf is concerned. He played in his first competitive match at the age of six at Pinehurst. Connie says, "He's pretty good, too."

Connie practices her golf every day for an hour or so on weekdays and at least two hours on weekends. She likes to play golf "for the fun of playing golf," but she doesn't want to be a professional player. After her graduation from GHS next spring Connie hopes to attend Wake Forest.

The cheerleaders judged the entries, which were given to them without their authors, and named Sue's cheer the winner, making her the recipient of two free tickets to Homecoming when the new cheer will first be used.

Here's the prize cheer for everyone to start learning: (To the tune of the Bunny Hop, gradually getting faster)
