## Senior Class Elects Superlatives

These are the sixteen seniors recently inducted into the National Honor Society at GHS.

### Torchlight Society Inducts Sixteen Senior Members

Torchlight National Honor Society inducted sixteen senior members Tuesday morning, November 1, in assembly, while parents and students looked on.

The sixteen seniors inducted were Sue Albright, Sandra Bargamian, Sandra Boyles, Jeannie McNairy, Allen McSween, Mac Murray, Mike Patterson, Boyd Perry, Phil Shu, Jean Waters, Connie Waynick, and Diana Wellons.

Eligibility for membership in Torchlight is determined by the character, scholarship, leadership, and service of the nominee. An average of 90 must be maintained as proof of scholastic ability as well as service to the school and church and a favorable conduct record.

Pam Pfaff, president of Torchlight, presided over the program, and Jess MacFarland, senior, gave

the devotions.

Qualities of character, symbolized by a white candle, were presented by Anne Starr Minton; scholarship, gold candle, was represented by Tommy Whiteside; and service, blue candle, was Ann Winchester's topic. This year, for the first time, the faculty instead of Torchlight members and students selected nominees, according to national standards.

Mrs. Mary Madlin, Miss Sarah Mims, and Mr. A. P. Routh were made honorary members of Torchlight by Pam Pfaff and took the NHS pledge along with the 16 new members. These honorary members received official membership cards and Torchlight National Honor Society pins.

A meeting of the senior homeroom presidents was held October 20. They decided that there would be two ballots. The first was a nominating ballot, and the second was to be the final ballot. On the nominating ballot every person would have an opportunity to name any person he wanted for a superlative. There was no restriction on the number of times a person could be nominated on the first ballot. This vote was taken October 27. Because some of the homeroom presidents failed to return their ballots it was necessary to have a re-vote the following morning.

The people nominated for each superlative were listed and the number of votes each received was tallied. It was decided at the meeting October 20 that four people's names would be placed on the final ballot in each category. One person could not run for more than one superlative. The person would run in the category in which he received the most votes on the nominating ballot.

## History Honor Society Presents Panel of Six Foreign Students

Six college students representing five nations took part in a panel discussion as guests of the History Honor Society last Tuesday, November 8, during a student assembly.

The students and their countries were Georgette Shihadi, Jordan; Gunilla Rosencrantz, Sweden; Giap Lu Vu, Viet Nam; Steen Holst Spove, Denmark; and Alan and Peter Gordon, Canada. All are studying at Guilford College, with the exception of Gunilla, who is a W.C. student.

Mrs. Kathleen Pfaff and Mr. Robert Fredrickson, both of the history department, moderated the panel with Shirley Truitt, Sandra Bargamian, Charles Tate, and Aln Turner, senior members of the History Honor Society, also taking part.

One of the questions posed dealt with the student's first impression of America. Steen's (Denmark) answer was that he had been exposed to America gradually and did not have to face a great shock. He had worked on a ship one year to get to America and felt he had become somewhat accustomed to the difference

between the North and the South, feeling that the North was in too big a hurry. As he puts it, "It's dangerous for foreigners to walk around. The South seems to take it easy and I like that."

One of Georgette's (Jordan) first impressions was that Americans ate nothing but sandwiches.
