Seven Boys Nominated For Morehead Awards

Seven senior boys have been chosen by a faculty committee as nominees for Morehead Scholarships to the University of North Carolina. These boys are now being considered, along with other high school seniors in this county, for possible selection by the County Scholarship Committee of the Morehead Foundation.

Selected as nominees by the faculty committee were Charles Bennett, Pete Bondanella, Jim Freedman, Sherrill Newnam, Sammy Pegram, Raemon Polk, and Dale Smith.

Annual Awards

Morehead Scholarships are awarded each year to boys from the graduating classes of accredited high schools in North Carolina, and other Southern states. Each scholarship is worth \$1275 a year for a four-year course at the University of North Carolina. The scholarships are awarded on the basis of scholastic ability, manhood, truthfulness, courage, fellowship, leadership, and physical vigor. The aim of the program is to develop well-rounded men.

Procedure

Nominees for scholarships are first interviewed by the County Scholarship Committee, which recommends a fixed number of boys to the District Scholarship Committee. This committee recommends certain nominees to the Cen-

tral Scholarship Committee. Nominees from this committee appear before the Trustees of the Morehead Foundation, who determine the awarding of scholarships.

The Morehead Scholarship Foundation was set up by John Motley Morehead, distinguished scientist, businessman, and philanthropist. His other gifts to UNC include the Morehead Planetarium and the Morehead-Patterson Bell Tower.
