

## Student Council To Present Platform

Members of the Greensboro Senior High Student Council met in a called meeting last Thursday to decide on what action the student body as represented by the council should take in the recent renaming of Greensboro Senior High to George Adonijah Grimsley Senior High.

It was decided by the Council to draw up a platform in which would be stated the reasons why the GHS student body feels that Greensboro Senior High should be retained as the name of the school. This platform will be presented by some member of the executive board of the council to the Board of Education. The student council member to make the presentation has not yet been chosen.

The Council will meet every day until the platform has been drawn up to the set specifications.

Mr. Lody Glenn, assistant principal who spoke to the Council at the initial meeting, said, "The proper thing to do is to decide what they wish to present to the School Board concerning this matter."

"Petitions, demonstrations, and the like will do no good, but will only create more problems," he continued.

In order to preserve the G of GHS, the Board of Education decided unanimously to name the school after Mr. Grimsley. A superintendent of the city schools for 12 years from 1890 to 1902, Mr. Grimsley then served as an insurance executive and as president of Jefferson Standard Life Insurance Company from 1913 to 1919.
