

DeMolays Present Lights To Student Body Of GHS

Ed. White, master councilor of the DeMolay, announced that plans for the organization this year include the presentation of two floodlights to the school, which has already been made; and a dance to be held in February.

These lights were erected on the right side of the cafeteria building. They will illuminate the grove and the back drive.

Also included in the presentation was a letter to Mr. A. P. Routh. The letter confirmed the erection of the floodlights as a "gift of only a small token of our great esteem and appreciation for Greensboro Senior High and its fine faculty."

The DeMolays have just completed a sale of wax paper and plan to launch an aluminum foil drive.

Future activities include a dance to be held the latter part of February, and Council of Deliberation, a state convention for determining the future plans of DeMolay in the state. The Greensboro Chapter along with the High Point Chapter will play a major role in the development of these plans.

Bondanella Semi-Finalist For Morehead Scholarship

Pete Bondanella has been selected as a semi-finalist for the five thousand dollar honorary Morehead Scholarship to the University of North Carolina offered by the John Motley Morehead Foundation.

Several prominent men interviewed him and his answers determined his selection.

Pete plans to attend graduate school and to major in Political Science. After college he hopes to either go into foreign service, the state department, or to teach in college.

Besides UNC, Pete has also sent in applications to Harvard University, Duke University, Davidson, and John Hopkins College.

He said the thing he felt has helped him most in preparing for colleges was Mrs. Kathleen Pfaff's course in International Relations. He said this had broadened his knowledge of present world affairs and has helped him see further into the future. He feels this helps to know the problems one faces and how they can be solved.

When asked what he felt was the most important thing in education Pete said, "I consider the development of the critical mind

the most important factor in education today." He then followed up this statement by adding that he felt once a person had developed his critical mind it enabled him to choose right and wrong, and make decisions in life more correctly.

Pete is president of Torchlight, vice-president of the Jr. Civitan Club, vice-president and program chairman at the First Presbyterian Church, and an active member in the History Honor Society. He was chosen most likely to succeed in his senior year and ran a close race for President of GHS.

Pete Dingledein, president of the Page High School student body, is also a semi-finalist.

Student Council Reviews Proposed Name Change

Approximately 89 people attended the call student council meeting last week.

Student Body President Dick Tontz called to order the two-hour assembly, which met after school. Principal A. P. Routh spoke briefly to the group in order to clarify the present situation regarding the proposed name-change of GHS. Two delegates were sent from each home room with suggestions regarding the proposed name-change.

An alternative suggestion of students being allowed to choose the new name was also proposed. A meeting of the students with the school board will be held on Tuesday, March 20. GHS student representatives to the conference will be Dick Tontz, Chip Crumley, and Ed Good.

Senior High Boasts National Celebrity

Roger Lewis has good reason to display a big smile on the front page of Torch U.S., JCL's national publication. He not only won one contest but two blue ribbons. Recently, Roger also won first place in the Derivative and Mythology contests for the third year Latin students at their national convention held at Indiana University. Latin students all over the United States and abroad will read of the honors received by this GHS student.
