4. Kent Mosely	d. Fayetteville
7. MATCH THE COLLEGE TEAM WITH IT'S NICKNAME.
 

1. Cornell	a. Orangemen
2. Michigan State	b. Big Red
3. Penn State	c. Gobblers
4. Virginia Tech	d. Spartans
5. Syracuse	e. Nittany Lions

## Board Of Editors

Continued from Page One

editors Marianne Buie and Susan Stansbury, the finished books will be delivered to Grimsley in about four weeks.

Ten members from the 1965 and 1966 staffs were the guests of the Washburn Printing Company in Charlotte on April 28 for a tour of the plant and a chance to watch the first pages of WHIRLIGIG being printed.

Those students, who were also

taken to lunch at a Polonesian restaurant by their host, Mr. Frank Fleming, an executive of the Washburn Printing Co., included Paula Breger, Marianne Buie, Susan Stansbury, and John Wyatt of the 1965 staff; Kathy Hutton, Susan Lashley, Jean MacFarland, Jan Petrehn, Joyce Robinson, and Janine Webster of the new staff

The group was accompanied by Mr. A. P. Routh, principal, and Miss Virginia Powell.

## ATHLETIC PROGRAM

Continued from Page Five

body. All the girls do not necessarily have to be athletically inclined, for a willing worker to help with related activities is always welcomed.

To be a member of any team, male or female, is no easy task but the rewards of hard work and physical fitness though not tangible are definitely worth the effort. Many hours of practice, practice and more practice fill a Whirlies day, then home to lessons and in bed by ten o'clock in most cases. The swimming teams require its members to be at practice long before the average Grimsley student even thinks of getting up.

The athletic program here at GHS is extremely well received and supported. One main ingredient for a winning team is the spirit of the student body it represents. The Whirlies have a record to be proud of and is truly following the traditions set up by Greensboro Senior High School over some thirty years.

## Blood, Sweat

(Continued from Page Four)

cillium" by Frank; and "The Relationship of Relative Turgidity to Photosynthesis" by Ken.

### PREPARATION

The three students' preparation consisted of, among other tedious experiments, digging up Guilford soil for Louise, inoculating seeds with penicillium by Frank, and weighing leaves for Ken. However, all three seemed to enjoy their work, or, at least, were thoroughly familiar with their subjects by the time they were through.

The reward for their blood, sweat, and toil is a recommendation for scholarships at the college of their choice which may come in handy. Certainly the colleges won't be losing any money.

# Whirlie Words

Evidently Dave Murr is a pretty top rate coach because the Whirlies are currently occupying first place in the Central 4-A baseball standings. Page also has been experiencing a fine season and will probably get tougher as the season progresses. The Whirlies have substantially defeated the Red Pirates from cross town twice this season. Perhaps they will not meet the Whirlies again this season.

Robert Lucas, a sophomore, is an ace of diamonds for Coach Murr. Lucas, along with Max Wilson and Cotton Hartig, makes up the mighty blue and white pitching staff.

The Whirlies have a strong offense and a sound defense. The bench is experienced and the players play solely for the team. To some baseball is slow game, but the thrills are there. The attendance to home games is low and without reason. Tuesdays and Thursday, often in Greensboro, the Whirlies take the field; see you there.

It is unusual to see Buz Sawyer and David Williams of Grimsley's State 4-A golf championship team miss a putt. Never-the-less they had quite a problem finding the hole at the Jaycess's booth in the teenage carnival. Buz did sink six straight however.

Could it be that Larry Dempsey's favorite Yankees have taken a plunge that will last all season? Every year critics say that the New York Giants will fall and thus far this season it looks possible. Probably not but Yankee haters can hope.

Nexts year's student marching band director, Steve Adair, wants to take the Grimsley marchers to all away games. It's a boost to school spirit when the band is able to go along. Sounds like worthwhile idea.
