VOLUME XLVIII

GRIMSLEY HIGH SCHOOL GREENSBORO, N.C. 27410 SEPT. 21, 1973

NUMBER 1

Environmental Pictures For Senior Class

Attention all seniors! Photographers will start taking senior portraits on Tuesday, September 11. There is a \$3.00 sitting fee and you're to come in your most colorful and attractive outfit.

Senior portraits will be taken all day and throughout the week. Seniors are given two spots in which to be photographed with eight poses, preferably four at each. Senior portraits will be in color, although in the yearbook they will be black and white. Sign up in homeroom. Underclassmen will have pictures for yearbook taken in the auditorium. The faculty's pictures will also be taken here along with the student body. There are Whirligig cards being passed out in homeroom to be sure your name is in the yearbook index and automatically signs you up for your yearbook pictures.

Mr. Irving Lloyd, an nationally known photographer, will be in charge of senior snapshots. Mr. Lloyd works for an affiliate of Meyers Department store. Senior portraits should be back by Christmas if all works well.

Mrs. Rachel Morton, last year's HIGH LIFE advisor, has moved to yearbook, after Miss Virginia Powell's nearly 25 years of diligent service as yearbook advisor, ended in retirement last semester. Miss Powell's presence will be greatly missed, although she has returned for the early part of the school year to get everything running smoothly. However, she leaves her job in the very capable hands of Mrs. Morton and a very hard-working staff.

Key Club Student-Faculty Directory' Work Underway

Work is underway on the Key Club Student-Faculty Directory. The annual project of the Grimsley Key Club is expected to reach the faculty and student body by mid November.

Directory chairman Rick Blinkhorn plans to enlarge the upcoming directory from the original 4 inches by 8 inches to a 5 1/4 inches by 8 inches format. The reason for the change, Rick says, is to compensate for the steady school membership increase.

Key Club members have been instructed to begin soliciting ads. The money raised from advertising is used to finance the cost of the directory.

In addition to the work on the directory, the club is also making plans to provide a basketball program for all home games. Like the directory, the printing cost of the basketball programs will be paid for with the revenue raised from ads.

Another area of concern for the Key Club is the posting of announcements on the school marquee. This year, all club members will share in the task of changing the announcements regularly

Cheerleaders for the 1973-74 school year are: First row, Terry Christian, Cheryl Haithcock; Second row, Liz Elkins, Laura Normandy, Janette Inman, Boyd Brown, Darlene Staton, Liz Dowdy; Third row, Toni Ford, Bonnie Griffin, Cam Ellis, Janice Brown.

Library Cures Student Diseases-Assignment Fever

Attention all students! Grimsley's Media Center is designed to combat the most dreaded of student diseases—assignment fever. Recent studies show that there are two types of fever, type "A", and type "F." Each has its own set of symptoms. Type "A" sufferers exhibit such symptoms as writer's cramp and midnight oil fatigue. But type "A" patients usually recover. What's more, they build up a tolerance to the disease after having it a few times.

The "tools" the media center offers are 18,000 books, 105 magazine subscriptions, and hundreds of audio-visual aids. Approximately 99% of the Grimsley student body suffers from assignment fever, the other 1% is put in two categories: permanent truants and mental vaccums. Since so many students need to use the media center, various guidelines have been established for using it. Some of the majors one are:

Hours: 8:15 to 4:30.

Checking out books: Books may be borrowed for three weeks. Renewals are allowed unless someone else has asked for the book.

Five cents a day is charged for overdue books.

Reserve books: Books on reserve can be borrowed for use only in the media center. They may be checked out overnight at 3:30, and must be returned by 8:35 the next day. Five cents per period is charged for overdue reserve books.

"Stealing" books. Don't, even if you intend to return the book later. Checking it out only takes a second.

The media specialists are Mrs. Robinson and Mrs. Benson. Media aid is Mrs. Kiver.

Because of its attempt to fight assignment fever, the media center is constantly expanding. This year you will see more books and audio-visuals than ever before. The lounge chairs are being reupholstered, and the lounge area moved to the other side of the center (on your right as you come in). New magazine stands will be installed. Best, a coin operated copy machine is being put in (five cents a copy). With all these additions, a bout of the fever shouldn't be too severe.

New Renovations For GHS At Last

This year Grimsley has, and will make, some much needed changes. Some of these changes will not affect us very much, while others will mean much.

The addition of a new science building that is to be four stories, will no doubt help in Grimsley's problem of over-crowding. This building will be the most drastic change GHS will face.

The looks of the interior of the cafeteria has been greatly modified by the new furniture and the freshly tiled floor. It has, however, been decided that the appearance of the food remains much the same as last year.

One of the more noticeable

changes in Grimsley is the remodeling of all the bathrooms. Since they have been under construction you have noticed the need for them even more.

The teachers will solely benefit from one of the changes to take place. This change is the paving of the faculty parking lot. With this change will undoubtedly come the organization of numerous faculty parking lot sweeps.

The presence of retiled floors has been very encouraging to see. It has been stated, though, that the bright colors of these floors will be humbled to the dust very shortly by the clatter of students' footsteps.

Cheerleaders Chosen for 1973-1974 Athletic Season

On Friday, August 24, this year's varsity cheerleaders were chosen. The cheerleaders are Boyd Brown, Janice Brown, Terry Christian, Liz Dowdy, Liz Elkins, Cam Ellis, Toni Ford, Bonnie Griffin, Cheryl Haithcock, Janette Inman, Lolly Normandy, and Darlene Staton. The head cheerleader has not yet been chosen.

Of the 12 girls chosen, four are returning from last year. They are Boyd Brown, Janice Brown,

Cheryl Haithcock, and Janette Inman.

Any junior or senior who wished to tryout was eligible. The girls met frequently during the summer, learning and practicing the types of routines required in the competition.

Miss Linda Tamblyn, the faculty advisor for the cheerleaders meets with the girls everyday and helps direct their activities.

Jumping, smiling, yelling, and trying to impress the judges with their qualifications, the girls worked and waited for the decision of the judges.

During the tryouts each girl had to do four jumps, a stag, an eagle spread, a straddle, and a "C" jump. They also had to do a cartwheel, a split, two dances, and two cheers.

The uniforms are to be the traditional school colors, dark blue and white; and the style will remain the same.

This year the girls are planning pep rallies for home games and important away games. The new girls are very energetic and enthusiastic about increasing school spirit and are encouraged and supported by the returning girls from last year's squad.

NEWS BRIEFS

An 8 pound, 7 ounce baby girl was born on Thursday, August 30, at 5:09 p.m. to Mr. and Mrs. Tony Gulla.

Mr. and Mrs. Bill Caines had a 9 pound, 5 ounce baby girl on Friday, August 31, at 12:16 a.m.

Miss Diane Duvall, now Mrs. Diane Dwiggin, was married on Saturday, September 1.

TEST SCHEDULE
Monday—Science
Tuesday—Foreign
Language
Wednesday—History
Thursday—Language
Arts
Friday—Math

Five of the new teachers are (left to right) Mrs. Suzanne Jessup—Business Ed., Mr. Michael Parrish — Speech and Drama, Mrs. Pat Armentrout—Science, Coach Jerry Lonon, Science Mrs. Connie Enis—English and HIGH LIFE Advisor.
