VanSant Resigns Post

After leading Grimsley to two Division 7 titles in football, head coach Henry VanSant left his coaching and teaching position on April 10 for a coaching post in Harrisburg, Virginia.

Mr. VanSant left for James Madison University to become the new offensive football coach. "The people here in Greensboro have been really great to me, and my three years here have been very satisfying. But this was a chance to get back into college coaching, and that is really where I wanted to be," commented VanSant before his departure.

VanSant summed up his experiences at Grimsley by saying, "Relating and interacting with students in the classroom environment has been pleasurable and satisfying. In coaching, the play during the past two years

winning the Division championship has been most rewarding."

Prior to coming to Grimsley in 1976, VanSant held several other successful coaching jobs in the collegiate and high school ranks. He coached at East Carolina for eight years and spent one year at Guilford College. He also directed Laurinburg Scotland High School and Fayetteville Seventy-first. With the exception of two teams, all of VanSant's football teams have earned playoff berths.

VanSant was very grateful to the students of Grimsley for their support. He said, "The students are super. I am most appreciative of their support during the past three years. I would like to give special thanks to the Pep Board Chairpersons for their work, enthusiasm, and

encouragement -- Caroline Johnson (1976-77), Tammy Murrelle (1977-78), and Kelly Haines (1978-79)."

As well as being a top-notch football coach for

Grimsley, he was equally outstanding in the classroom. VanSant obtained a Ph.D. in psychology, and taught psychology and American Social Problems for three years.

Who's Who Tea Honors Outstanding Students

"Who's Who nominations were successful at Grimsley this year with a high percentage of the booklet being represented by GHS students," commented Grimsley senior, Lisa Herard, about the recent selection of Who's Who Among Greensboro Youth.

The students submitted their nominations before the extended deadline of March 19. Students listed their various extra-curricular activities in the school, community and church. 'Close-Up' Program

Students Travel To Capital

Twenty-five students from Grimsley, Page, Dudley, High Point Central, and Greensboro Day School are visiting the nation's capital this week, April 8-14. Six students from Grimsley are

participating in the program, "Close-Up."

"Close-Up" is a non-profit foundation whose business is to bring students to Washington so that they may interview, challenge, and

participate in seminars with leading local politicians. Over twelve thousand students from all over the nation are attending the program this year.

The foundation also sponsors two scholarships, one for a student and one for a teacher. Mr. Whisenant is the Grimsley faculty member receiving the teacher's scholarship this year.

Grimsley students John Armshaw, Rick Bicknell, Mitchell Haber, Frank Carpenter, Lanita Worthy, and Cindy Hovey are attending this year. These students left last Sunday on a charter bus bound for Washington. Total cost for tuition and transportation was \$372.00. The students are expected to arrive home this Saturday afternoon.

This is Grimsley's third year in the School Board approved program, in which twenty students have been actively involved. Before he left, Mr. Whisenant said, "All students have thoroughly enjoyed the trips in past years. This year should be no exception."
