Volume LVIV, Special Issue

Grimsley Senior High School

Monday, September 10, 1979

Crowded walkways, computer schedules, old acquaintances, new faces, hot class rooms, and no instructional fees marked the beginning of the 1979-80 school year at Grimsley.

High Life Expands Editorial Coverage

By Martin Miller
Editor

The 1979-80 school year will bring many changes to our lives. The editorial staff of **High Life** this year will broaden to meet the issues.

In the past the policy has concentrated primarily on local and school issues, neglecting to give pertinent national problems proper attention. This year **High Life** will cover subjects such as the Military Draft Laws (which are presently in Congress and expected to pass in 1981), voting information for 18-year-olds, and information concerning the two major political parties.

Of course **High Life** will continue to examine school issues such as computer scheduling. Also this year, we will reinstate a series of "Faculty Forum" giving our teachers a chance to air their views on issues important to them.

High Life looks forward to an energetic response from students about issues of today and hopes that Grimsley will benefit from such a response.

Editorial Guidelines

The editorial policy of **High Life** for the 1979-80 school year will remain the same as in past years. **High Life** will welcome all edito-

rials, cartoons, and letters to the editor. All material submitted must meet basic requirements prior to publication: no profane language, accuracy, no libelous statements.

Editorials written by staff members with a by-line reflect the opinion of that particular writer. However, editorials without by-lines speak for the staff.

High Life encourages students, parents, teachers and administrators to voice their opinions.

Sports Policy

By Tommy Grant
Sports Editor

The sports staff of **High Life** is enthusiastic about what this year holds in store for Grimsley's athletic department. This year the "Benchwarmer" column will be revived, concentrating on the humorous side of players and teams. The sports staff plans to give all Grimsley athletic events adequate, timely, and exciting coverage. Any suggestions for addition to or improvement of sports coverage are welcomed and should be submitted to Room 868.

High Life Offers More Variety To Students

By Carole Dolin
Feature Editor

Half of Grimsley students couldn't be wrong! Last year, approximately half of the students subscribed to Grimsley's newspaper, **High Life**. Obviously, if a paper appeals to this many people, it must be worthwhile.

The **High Life** staff endures long, hard hours in order to bring the Grimsley community a quality paper.

We have clear, concise news articles covering events happening in the school system today. We also bring to you well-written editorials expressing views on everything from drug abuse on campus to debates on the recent draft issue. In addition to our views, our editorial section is a forum for your opinions through letters to the editor or guest articles. Our feature stories

are refreshing, interesting articles from satire to sentimentality. And, of course, the sports section reports exciting, accurate details of sports functions here at Grimsley.

This year our staff is composed of a large number of enthusiastic writers ready to put everything into giving you a paper with variety and

wide appeal.

Just remember how it felt last semester when every three weeks a crisp, "just off the press," paper was handed out in homeroom and you had to pester some subscriber to borrow their paper. This year, try a subscription just for yourself.

The cost is inexpensive, and the product is well worth it!

Sophs Find 'Help'

by Jim Kobos

Welcome, Sophomores! **High Life** is here with some helpful hints to make your entrance into Grimsley easier.

1. Never look for any of your classes on the second floor of the New Science Building.

2. Never operate a driver's education car when not with your instructor. Do stay on the right side of the road.

3. Don't stand in the doorways during a fire drill.

4. When getting a drink, don't turn the water on with your mouth and drink with your fingers.

5. Never get in the way of an upperclassman.

6. If you have to sharpen your pencil, check to see if

any juniors or seniors have pencils to be sharpened so you can do theirs also.

7. Don't play on the elevators.

8. In P.E. classes, sophomores should never beat an upperclassman in any sport.

9. Don't pretend that you're not a Sophomore; it's obvious for at least 3 weeks.

There's no avoiding it. Everyone is a Sophomore at one time or another. Sophomores are the brunt of countless jokes. Don't wait around till you turn into upperclassmen. Subscribe to **High Life** and keep abreast of the news. Make your voice heard. You're an important part of Grimsley, and **High Life** welcomes you.
