'Scapino' To Kick Off New Drama Season

The Grimsley Drama Department will open its new season with the Playmasters' production of *Scapino*, to be presented October 30 and November 1, 7, and 8 at Weaver Education Center.

Scapino, described by director Richard Zaruba as a "comiclove story," tells the story of an Italian servant's efforts to straighten out a hopelessly tangled love triangle between two families. The plot is full of mistaken identities and unexpected twists.

According to Zaruba, the play is demanding on all the actors, especially on Chuck Tedder, who plays the title role. "At one point, Chuck is a pirate and his parrot, a Chinese kung fu expert, and

an entire English army, including the horses, the cavalry, and everything, all at once. And that's in addition to his role as *Scapino*," says Zaruba.

The playmasters have made some additions to the original script, augmenting the original cast of fourteen by about thirty people. The

major addition will be an Angelic Choir and All-Kazoo Orchestra, conducted by Grimsley junior Paul Smith.

When asked to describe the play in general, Zaruba said, "It's completely comic from beginning to end." He paused and then added, "It's absolutely nuts."

GET SET Hosts 'Brubaker'

The first Get Set program of the 1980-81 school year will be presented today, October 23, in the Carolina Theatre with Thomas Murton as the guest speaker. Murton is the former warden at Tucker Prison Farm in Arkansas. His experiences at Tucker Prison Farm became the basis for the recent

movie, "Brubaker."

The second program will be held on December 16 at Aycock Auditorium. John Wooden, former UCLA basketball coach, will be the guest speaker.

The Get Set program is funded by Burlington Industries, Ciba-Geigy, and Lorillard.

Campus News In Brief

SAT's In December

The next Scholastic Aptitude Test will be administered on December 6. Achievement tests in various subjects will also be given on this date.

The cost for SAT's is \$9.25; for achievement tests given on the same date, \$15.00. The deadline for the December tests is October 31.

Service Clubs

The Grimsley service clubs have been busily organizing for the 1980-81 school year. The most recent activity for all clubs was the Homecoming Project.

Working at the City Stage Celebration in downtown Greensboro October 3 and 4 was a community service for

many clubs. The various activities the clubs participated in at the City Stage Celebration included selling drinks and souvenir T-shirts.

Torchlight

Torchlight, the Grimsley Chapter of the National Honor Society, will begin its first fund raising project in mid-November.

This year's project consists of selling one pound bags of pecans. The money from the project will be used for a scholarship presented to a Grimsley senior chosen by Torchlight.

Torchlight officers this year are: Debra Coles, President; Lamecia Miller, Vice-President; Kristen Schoolfield, Secretary; and Amy Derrick, Treasurer.

Student Council Projects Get Underway

Among the new sophomore members elected Friday, October 3, to this year's

Student Council Committee were President Gaye Blount, Pep Board Chairman Terry Flynt, YRC Chairman Sharon Holt, Student Affairs Chairman Claire Johnson, and Secretary/Treasurer Tracy Noah.

The Senior class reported a successful fund raising project sum of six hundred

dollars. This will go towards their gift to the school at the end of this year.

Likewise, the Junior Class hopes for a successful outcome in their project to sell Christmas lightbulbs from November 17-December 1. Also, the Sophomore Class has its fund raising project of selling lightbulbs already in progress.

The Student Council would like to stress to all

With the new slogan "GYC for the '80's, Erupts" the Greensboro Youth Council has undertaken a number of projects for the 1980-81 school year.

Recent activities in which GYC has participated include the Mayor's Youth Conference in August and the City Stage celebration earlier this month. GYC was responsible for the information booth, the lost and found booth and several children's games at the City Stage Celebration.

Every year GYC sponsors a series of discos held at the Cosmos on East Market Street. Each disco is staffed

by GYC members from one of the four city high schools. The disco held on October 9 was staffed by Page representatives.

Career Day will be held December 10 at the Greensboro Coliseum. This event is for all juniors in the city high schools. The students' individual surveys are analyzed by computers to determine their career interests.

GYC will sponsor the Christmas Toys Program again this year. Participants

gather recyclable toys and repair them. The toys are then distributed among needy children. A number of service clubs assist with this project as a community service each year.

Other future activities include the High I.Q. Bowl, the Talent Award Show, the GYC Carnival, and the Special Olympics.

Anyone interested in joining the Greensboro Youth Council should call the GYC office at 373-2173.
