EDITOR'S NOTE

Welcome all East Wind readers! This issue focuses on informing everyone what the Asian-American population on the Tar Heel campus and in the Chapel Hill community consists of. There are perspectives from both organizations and students of what they think our society is like. This is the Asian American Students VOICE!

Take note that Asian Students Association is the merely the "umbrella" organization and the primary supporter of all Asian American groups on campus. This issue only contains a few samples from a number of organizations on campus, and I apologize to those groups, which were not represented in this issue.

I want to thank all the writers, who contributed their time and effort to advocate the purpose to get their messages out. Thank you and enjoy!
