

Dit's Dope

This year we are starting a new idea in the gossip line. We are greatly honored by having in our midst a very important and imposing individual — with the unusual name of Dit. Who is Dit? That, my fine feathered friends, is your problem. She could be your worst enemy, your best friend, or maybe she is only a ghost—but if she is a ghost, then she is a very curious one.

All of you are going to be very shocked and surprised when one of your dearest secrets appears in print — then you will wonder, who did it? Such is life — a mazy haze of craze — or some such stuff.

We will, at the end of the year, expose Dit—but till then, be careful and if you can't be thataway — Dit will certainly have you in the NEWS.

Dear Dit I,
Vacation of three months helps for all those study bugs but with me t'was different — I have never been so bored — no Queens girls to report or no key-holes to peep through — such boredom — but now that I'm at the peeping stage — life has a real meaning.

Happy and content to report to you that Maude Dickson is befuddled and scared to go through Burwell Hall on weekends. It seems that her date book is in a turmoil; it allows several men to come from different directions to see her — Suzy seems to be catching passes from every side of the field, but Shot reigns supreme . . . she hasn't had a golf lesson yet because of long distance calls at that time . . . made me tingle to hear her talk to him the other night . . . M. J. Gardner finds wires pretty busy while trying to call Bobby in Rome, Ga. . . ask Betty Johnston how happy Hatch was over Henry getting home an extra night . . . Booream must be trying to commit cause I found her with her clothes line down thrice . . . she shouldn't be, Jimmy calls constantly . . . Ruth Kinney sparkles just as much as her beautiful ring . . . congrats, Ruth . . . Did anyone see Jane

Davis at the Davidson game . . . in a PALE blue suit . . . Jane Carter gets in a dither everytime the phone rings . . . SPORTS

Again this year Athletic Association is sponsoring one hour of hockey every Monday, Wednesday, and Friday afternoon at four-thirty. We want everybody to come out — if you don't know how to play, come out and get in some good practices. And everybody just come out and have a lot of fun.

For every practice that you attend, you will receive five points, and these will give you a good start on that letter you're going to want to work for. Incidentally, those Qs are really good-looking. You will also want to be sure to get in enough practices so when we have the class tournament you will be

eligible to play on your team. So come on out, everybody, and let's play hockey. Now remember—every Monday, Wednesday, and Friday at four thirty, down on the athletic field.
