Mr. Coffin has been called the Virgil of Maine. This is because Maine life is presented so well later; one's score is likely to be in his books and poems. In his latest book, "One-Horse Farm," he says, "There is a lot to be said for a one-horse farm—at least you get to know the horse."

Mr. Coffin has received many well-deserved honors, including the Pulitzer Prize for Poetry. He has been a Phi Beta Kappa poet at many colleges. In July, 1948, Bowdoin College had a Robert Coffin day at which the author read from his poems. George K. Cutter. chairman of the Charlotte Drive, publicly commended the girls for their effort and the unselfish giving of their time for this project. The girls did not know that their help was needed until about a week of the drive had elapsed, but immediately pitched in to give their services wherever needed. For ten days Queens students, carrying red, plastic hearts, approached people in downtown Charlotte, asking them to contribute.

Miss Hardin and Miss Williams stated that the help of Queens students was very much appreciated and that they had indeed rendered a valuable service to the community and the nation.

At the January meeting of the legislature, the motion was passed to try out a new system of voting in the forthcoming elections. The date set for the beginning of elections is Wednesday, March sixteenth, with Installation on Friday, March twenty-fifth.

This new system of voting will function as follows: On the first day of elections, Wednesday, March sixteenth, a poll will be taken of the students as to whom they would like to see in each office to be filled. The data gathered from this poll will serve as a basis for the nominations that will be made by the Ballot Committee.

Then on the following day the actual voting will begin. Everyone will receive an official ballot on which he will vote. On the ballot will be printed the nominations submitted by the Ballott Committee for the offices to be voted on that day. Also there will be a blank space for the nominations from the floor. Nominations from the floor will run against those nominations made by the Ballott Committee. The nominee receiving a majority of the votes will be elected. As usual each student's ballot must be signed and must be handed in before he leaves the assembly. The votes will then be recorded on a tally sheet and the results will be posted as soon as possible.
