

# The Orphans' Friend.

FRIDAY, - - - - AUGUST 24, 1883.

Published every Friday at one dollar per annum, in advance.

PRESENT ORGANIZATION OF ORPHAN ASYLUM.

- J. H. MILLS, Superintendent.
- Mrs. WALKER, Teacher of First Form, Girls.
- Miss McDOUGALD, Teacher of First Form, Boys.
- Miss MARY C. DODD, Teacher of Second Form, Girls.
- Miss M. F. JORDAN, Teacher of Second Form, Boys.
- Miss LULA MARTIN, Teacher of Third Form, Girls.
- MISS E. M. MACK, Teacher of Third Form, Boys.
- Mrs. RIVES, In Charge of Hospital.
- Mrs. HUICLINSON, In Charge of Boy's Sewing Room.
- Mrs. FOWLER, In Charge of Girl's Sewing Room.

## SPECIAL MENTION.

Rev. J. T. Stradley is conducting revival services this week at Island Creek Church, near Williamsboro.

We are pleased to note the large patronage enjoyed by the Horner School, of this town, the present session.

The editor regrets that he was absent from the office when Grand Master Bingham called, last Saturday.

Of the Pennsylvania excursionists who recently visited North Carolina, it is said that not less than twenty-five purchased lands in the State.

The colored people are soon to have a meeting in Henderson to take the first steps towards establishing an orphan asylum for colored children.—News & Obs.

The North Carolina Yearly Meeting of Friends assembled at High Point, August 16th, in their new meeting house, which is one of the largest church buildings in the State.

The quarterly examination of the various Forms at the Asylum, has been concluded, one Form excepted, and we can lay the result before our readers next week.

It is a pleasure to look into the well kept dormitories at the new Asylum building. The boys are healthy and cheerful. Visitors to the Asylum should not fail to see them at their own house.

Rev. M. L. Wood, President of Trinity College, preached at Bullock's Church last Sunday, an immense audience being present. He is traveling in the interest of the College.

Rev. Dr. Baird, of New York City, is temporarily filling the pulpit of the Protestant Episcopal Church in this town, with great acceptability. His visits to the Asylum are much enjoyed.

We have recently heard of a colored woman in the town of Henderson, employed as a cook at five dollars per month, who devotes all her wages to paying the expenses of a son at school in Raleigh. We record with pleasure such devotion to the good work of education.

The long strike inaugurated by the telegraph operators has been brought to an unsuccessful termination. After a fight of more than one month, the strikers were forced to lay down their arms and apply for instalment to their old positions at the very terms they struck against.—Ez.

Grand Master Bingham made a visit to the Asylum last Saturday. He found everything in good working order, and was pleased with what he saw. We are glad always to have him come.

North Carolina herrings are selling at \$4.00 per hundred in this market. We do not underrate the work of the Fish Commissioner, or even criticize it, for we know little about it, but it may be noted as an interesting fact, that fish have been getting scarcer and dearer for several years, notwithstanding the attention paid to their propagation, and the money appropriated for that purpose.

Mr. Aram Slaughter, a highly respected citizen of this county, died on Friday night last, aged about sixty-nine years. He was a devoted member of the Mt. Zion Baptist Church, and by his will gave a considerable sum of money, the interest of which is to be devoted to church purposes, mainly to the cause of Foreign Missions. It is supposed that some four or five thousand dollars will be realized for in vestment for the purposes above named.

We were recently shown a walnut tree on the premises of Mr. J. T. Cheatham, that has the remarkable habit of bearing a crop of nuts on one side one year and on the opposite side the next year. Formerly it produced a full crop every other year. Some years ago, however, it was injured by a heavy sleet, and since that time the limbs growing on the northern side of the tree bear nuts one year, and the next year the limbs on the southern side bear.

## SLEEP IS THE BEST STIMULANT.

The very best possible thing to do when you feel too weak to carry anything through, is to go to bed and sleep for a week, if you can. This is the only recuperation of brain forces, because during sleep the brain is in a state of rest, in a condition to receive and appropriate particles of nutriment from the blood, which take the place of those which have been consumed in previous labor since the very act of thinking consumes or burns up solid particles, as every turn of the wheel or screw of the steamer is the result of consumption of the fuel in the furnace. The supply of consumed brain substance can only be had from the nutritive particles in the blood, which were obtained from the food eaten previously; and the brain is so constituted that it can but receive and appropriate to itself those nutritive particles during a state of rest, of quiet, and stillness of sleep. Mere stimulants supply nothing in themselves. They goad the brain and force it to a greater consumption of its substance, until that substance has been so exhausted that there is not power enough left to receive a supply, just as men are sometimes so near death by thirst and starvation that there is not power enough left to swallow anything, and all is over.

## THE COUNTRY CAN GO ON.

(Holston Methodist.)

The country can go on with a high or a low tariff, but it cannot prosper without a profound respect for law and a conscientious regard for its demands on the part of those who make and administer our laws.

## SCISSORINGS.

An Advocate of corporal punishment for children said, "The child when once started in a course of evil conduct, is like a locomotive on the wrong track—it takes a switch to get it off."

Miss Blanche Roosevelt's husband, Edward Scovel, calls himself Scovelli, and puts "Signor" in front of his name, and so announces himself for the London concert stage.

A carrier pigeon, owned and trained at Northampton, Mass., recently made a flight from Lynchburg, Va., five hundred and five miles, in 23h. 46. from the time of starting.

Two Illinois farmers had a dispute about the boundary lines of their farms. Their dispute is now settled, and so are the lawyers on their farms.

Whenever there is a failure there is some giddiness, some superstition about luck, some step omitted, which Nature never pardons.

Talk about your fish stories, the biggest of fish stories is not equal to the legend "one dollar" on the American eighty-five cent piece.

"What is this man charged with?" asked the magistrate. "With whiskey, your Worship," replied the sententious policeman.

The demand for napkin rings made of wood grown at Walter Scott's home, Abbotsford, is proving a great drain upon the forests of Maine.

Excursion street car tickets, which are good for two "beers," are a feature of Montana. They are probably issued by the brewer which is at the end of the line.

At a meeting in Syracuse the other evening one of the speakers said: "Sin is writhing like a whirlpool, and we must meet it with the point of the sword."

A preacher remarked one Sunday that it was said that liberalism is creeping into all the churches. "If that is so," he continued, "I hope it will soon strike the contribution boxes."

With all the complaints that have been made against the Coccolitate, surely that nobody should ever have thought to send it to some water-cure establishment.

Rev. Dr. Jones, introducing to audience a famous missionary from India, concluded his remarks with the following: "He comes to you from that land where every prospect pleases, and only man is vile."

School teachers in Silver City, New Mexico, are paid \$250 a month. If the town fulfills its name as well with regard to other industries, it will soon have more immigrants than it will know what to do with.

Mr. Charles Francis Adams, Jr., sagely observes the *Norristown Herald*, "should rest his soul in patience. Base-ball and boat-rowing are rapidly supplanting Greek and Latin as the basis of a liberal college education."

The death has occurred at Darlington, England, of John Barnett the first rail-way porter ever employed in passenger traffic. Barnett accompanied the old No. 1 engine on its trial trip with Geo. Stephenson.

## A REMARKABLE FACT.

Dr. J. P. Newman, an eloquent Methodist clergyman of New York city, recently in one of his addresses, remarked: "American petroleum at the present time lights up the traditional Garden of Eden, the ruins of Babylon, the mosques of Bagdad, the city of 'A thousand and One Nights.' It shines upon the exhumed palace of Sennacherib, and upon the birthplaces of Job and Abraham. It illumines the

Church of Nativity, Bethlehem, the Church of Ascension on the Mount of Olives. It burns around the Pyramids of Egypt, on the Plains of ancient Troy, on the Acropolis of Athens, and is the chief source of illumination in cottage and palace on the banks of the Golden Horn. America is the light of the world."

CHAUTAQUA, N. Y., August 20.—A. G. Haygood, of Georgia lectured this evening on universal education as demanded by universal suffrage. The speaker said emancipation doubled the responsibility of the South. The war left it poor, but it is improving in all its industries, but not in proportion to the increase of its illiterate population. It left an increasing burden with a shortening lever. Help is necessary and the nation is concerned that we should have intelligent suffrage in every State. It should help the South teach the negroes for it made them citizens before they were prepared for suffrage. The speaker criticized Senator Logan's plan of distributing aid on the basis of population and commended the point of the Woodstock speech by ex-President Hayes.

## TRUE COURAGE.

The bravest boys are not always those who are ready to fight. Here is the story of one who showed the right spirit when provoked by his comrades:

A poor boy was attending school one day with a large patch on the knee of one of his trousers. One of his schoolmates made fun of him for this, and called him "Old Patch."

"Why don't you fight him?" cried one of the boys. "I'd give it to him if he called me so."

"Oh," said the boy, "you don't suppose I'm ashamed of my patch, do you? For my part, I'm thankful for a good mother to keep me out of rags I'm proud of my patch for her sake."

This was noble. That boy had the courage that would make him successful in the struggles of life. We must have courage in our struggles if we hope to come out right.

## THE HARTFORD SEWING MACHINE.

JUST PERFECTED. The Largest Under Arm. The Lightest and Quickest. The Most Lavishly Decorated. The Least Vibration of Any.

A Galaxy of New Patents. Simplicity Simplified. DURABILITY DETERMINED. Reliability Re-Asserted.

Ball-Bearing Balance Wheel. Knife Edge Treadle-bearing. Newest and most Elegant Designs in Stands and Wood-work. Positive take up. Perfect Stitch. IS WANTED BY EVERYBODY.

For finely illustrated description, apply to WEED SEWING MACHINE CO., HARTFORD, CONN.

For sale by A. M. JONES, Oxford, N. C.

## LUTHER SHELDON,

DEALER IN SASHES, DOORS, BLINDS, MOULDINGS, BRACKETS, STAIR RAILS, NEWELS, BUILDERS' HARDWARE, Paints, Oils, Glass, Putty AND BUILDING MATERIAL OF EVERY DESCRIPTION. Nos. 16 W. Side Market Spr. and 49 Roanoke Ave. NORFOLK, VA.

## BUFFALO LITHIA WATER DISSOLVES STONE IN THE BLADDER. BUFFALO LITHIA WATER RELIEVES THE BEDRIDDEN FROM RHEUMATIC GOUT. BUFFALO LITHIA WATER

For Affections Peculiar to Women and for the Stomach.

Stone in the Bladder (Uric Acid) "Destroyed by the action of the Water, by means of solution or disintegration."

Case of Dr. B. J. Weistling, Middleton, Pa., stated by himself: "Experience in its use in Stone of the Bladder in my own person enables me to attest the wonderful efficiency of the Buffalo Lithia Water in this painful condition. I have, under the influence of this water, passed (I am confident) that I am within the bounds of reason) at least an ounce of Galleni (Uric Acid) some of which weighed as much as four grains, affording inexpressible relief and leaving me in a condition of comparative ease and comfort. I am now passing only occasionally small Galleni, and they are not attended by the intense suffering which their passage has hitherto occasioned. On one occasion I passed thirty-five Galleni in forty-eight hours. The appearance of this Galleni is unmistakably, I think, that they were all component particles of one large Calculus, destroyed by the action of the water, by means of solution and disintegration. At my advanced period of life (I am now seventy-seven years and six months of age) and in my feeble general health, a surgical operation was not to be thought of, and the water seems to have accomplished all that such an operation, if successful, could have done. Besides greatly increasing the quantity of the Urine, this water exerts a decided influence on its chemical constitution, rendering it rapidly neutral, if previously acid, and afterwards alkaline from being high-colored, it becomes pale, and having deposited copiously it becomes limpid and transparent."

## RHEUMATIC GOUT.

Case of Dr. J. A. Hamly, of Patrick C. H., Va., stated by himself: "For four years I was afflicted with Rheumatic Gout to an extent which incapacitated me entirely for the discharge of the duties of my profession, and was finally reduced to such a condition as to subject me for the most part to confinement to my bed. By the advice of one of my medical attendants, and emphatically as a dernier resort, I determined to make use of the Buffalo Lithia Water, Spring No. 2. I am frank to say without faith in its virtues, having but little confidence in mineral waters. The use, however, of a few cases of the water was attended by beneficial results, so remarkable, that I was soon able to be out of bed and upon my feet, and my improvement has continued until I am now actively engaged in the practice of my profession, meeting without any unusual inconvenience all the exposure and hardship incident to the life of a solely to this water, the value of which I regard as beyond estimation."

Dyspepsia, with Suppression of the Menstrual Flow, Hypochondriasis, &c.

Case of Miss —, stated by Dr. Wm. B. Toole, University of Virginia, Member Medical Society of Virginia:

"I was consulted as to the use of the Buffalo Lithia Water in the case of Miss —. She was suffering from a distressing form of Dyspepsia, of some two years' duration, pale, greatly emaciated, and weighing only sixty-seven pounds. There was want of appetite, acid eructations, gastric pain after ingestion of almost any article of diet, nausea (the food often rejected by vomiting), consumption, extreme languor, Hypochondriasis, etc. In addition to Dyspeptic symptoms there had been total suppression of the Menstrual Flow for twelve months. She was put upon the water and directions given as to her diet. For a month, perhaps, there was no perceptible change in her condition, but better. Afterwards, however, improvement was decided, rapid and continuous, and in another month she was free from Dyspepsia, the Menstrual Flow had been re-established, and she left the Springs weighing 108 pounds and fully restored to health."

These Springs are Now Open for Guests.

Water in cases of one dozen half gallon bottles, \$5.00 per case at the Springs. Springs Pamphlet sent to any address.

THOMAS F. GOODE, Proprietor, Buffalo Lithia Springs, Va.

Wesleyan Female Institute, STAUNTON, VIRGINIA.

Opens September 20th, 1883. One of the First Schools for Young Ladies in the United States. Surroundings beautiful. Climate unsurpassed. One hundred and sixty boarding pupils from eighteen States. TERMS AMONG THE BEST IN THE UNION. Board, Washing, English Course, Latin, French, German, Instrumental Music, &c., for Scholastic year, from Sept. to June, \$238. For Catalogues, write to Rev. Wm. A. HARRIS, D. D., Pres't, Staunton, Virginia.

CHOWAN BAPTIST FEMALE INSTITUTE, MURFREESBORO, N. C.

One of the oldest and best equipped institutions in North Carolina. Offers facilities unsurpassed in the State for Moral, Mental and Physical Culture. Charges Very Moderate.

FALL SESSION. Begins on Wednesday, October 3rd. For Catalogue or information address J. B. BREWER, President.

CENTRAL INSTITUTE FOR YOUNG LADIES, LITTLETON, N. C.

This school is located in Warren county about 25 miles north of Weldon, immediately on the Raleigh & Gaston Railroad, in a healthful section, free from malaria and just above the malaria region. Our building is new and very comfortable. The campus is large and well shaded. The rooms are all furnished with new and first class furniture including hair mattresses for all the beds on the second floor and Union Wire-woven Spring mattresses for every bed in the house. The school-rooms and dormitories are under one roof. We offer superior advantages in the Musical department. Instruction thorough in all departments. Water from Panacea Springs furnished boarding pupils when desired for a very small extra charge. Just enough to cover expenses of bringing. The Fall Term will begin Monday, September 10th 1883. Send for Catalogue. REV. J. M. RHODES, A. M., Principal, Littleton, N. C.

GREENSBORO FEMALE COLLEGE, GREENSBORO, N. C.

The 55th session of this flourishing Institution will begin on the 22d of August, 1883.

Home Comforts, Good Fare. Thorough Instruction. Special care of health, manners and morals. Charges moderate. For particulars apply to T. M. JONES, Pres't.

Wilson Collegiate Institute, (FOR YOUNG LADIES), Strictly Non-Sectarian.

Fall Session begins September 3d, 1883. The Principal expects, Providence permitting, to teach again himself. He has added to his Faculty Prof. Wm. H. Pinney, of London, England, a distinguished teacher of Music and Art. Careful physical, mental and moral training. Unsurpassed advantages. Terms from 20 to 30 per cent. less than at other female schools of equal grade in North Carolina. For particulars apply to S. H. HASSELL, M. Principal, Wilson, N. C.

MOSELEY'S Is the place for ladies and gentlemen to take refreshments.

Oysters and Ice Cream. Call and see what is in store, as we cater to first-class trade, and furnish parties, picnics and parties at short notice with all the delicacies of the season. Soda water and ice cream will be specialties this season.

Everything on the European Plan. A few rooms to let. M. J. MOSELEY, Proprietor, Fayetteville St., Raleigh, N. C.

## LAND FOR SALE.

A CHANCE FOR THOSE WHO WISH TO GROW FINE TOBACCO.

Over 600 acres of Beaver Dam Fine Tobacco land for sale. As good as there is. It lies in one body and will be sold all together, or cut up into small tracts to suit purchasers. Is situated in Brassfields Township, Granville county, N. C., two and a half miles south-west of Weldon. Has a large portion of original growth on it, is well timbered, and has a large body of bottom land. There are upon the premises a two story dwelling, containing four comfortable rooms, four fine curing tobacco barns, with other necessary out-buildings. Only part of the purchase money will be wanted in cash, for the rest two or three years will be given. Apply to W. E. WALTERS, or S. L. CANNADY, 12-Ct. Weldon, N. C.
